6. DELEGATIONS:

They provided a verbal presentation in support of their written submission, and advised that Phase I of the garden is complete. BUGS does not use any chemicals or toxic pesticides, and that predator insects are used as part of the integrated pest management program. There are 40 allotments plots rented out at \$30/year – all are being utilized. The communal plots are for everyone else that wishes to garden but may be of limited resources. BUGS is requesting that the City of Nanaimo endorse in the amount of \$20,000 in VIP funding to continue to enhance the Beban Urban Garden.

Merle Logan was the only appropriate outdoor facility. When the Program was extended through spring and fall they required indoor facilities. They are currently using the John Barsby gym as OWCC is not available; however, would like the Commission to review the allocations process to allow them the periods of time that they would like to utilize the OWCC. The Program has a maximum number of 25 children at a cost of \$50 for an eight-week session and they would require both sides of the OWCC gymnasium.

Re: Nanaimo Conservatory of Music - Vancouver Island Chamber Music Festival

We would like to discuss an application that we are making to the Department of Canadian Heritage under the Building Communities Through Arts and Heritage Program, for the 2nd Vancouver Island Chamber Music Festival. For an application to be successful the Federal Government requires municipal participation in the form of cash or in-kind support. The deadline for this application is April 1, and we will submit an application in the hopes that we can work something out with the City of Nanaimo.

Because the first iteration of the Festival happened this February (2011) and the Spirit Funds that supported it were only confirmed in January, we did not even know we would be able to produce this festival until after the City deadline of November 1. The timing and grant deadlines don't really fit very well since the funding announcements for City grants are generally in January. So we are, as a result, between a rock and a hard place, so to speak with respect to the deadlines...that is we would have to make application on November 1, 2011 for the February 13, 2013 Festival (which is before the 2012 version happens). Be that as it may, we are hoping to find a way to get some municipal support under this new Festival that will make it possible to be considered for federal funding. That could be in the form of in-kind support, perhaps even venues where the fees are waived? Not sure, but this is the discussion we would like to have.

The Vancouver Island Chamber Music Festival was very well received in its first iteration. I will bring copies of the marketing and programming materials as well as the press on the event with me to the meeting on April 6th, with the hopes that you are able to accommodate us at that meeting.

Thank you for considering this

Kathleen Darby

It was moved and seconded that the Meeting Notes of 2011-JAN-05 be adopted as circulated. The motion carried unanimously.

5. DELEGATIONS:

It was moved and seconded that the Delegation be permitted to address the Cultural Committee. The motion carried unanimously.

- (a) Ms. Daurel Neve, General Manager, Theatre One, 150 Commercial Street, Nanaimo, BC, V9R 5G6 – Ms. Wendy Smitka, President, and Mr. Garry Davey, Artistic Director, to provide an update on the activities and future plans of Theatre One – as per the request of the Cultural Committee.

Ms. Daurel Neve, General Manager, Mr. Gary Davey, Artistic Director, Ms. Wendy Smitka, President, Theatre One, provided an outline on Theatre One activities and future plans. In 2010 they offered three plays to the community. Theatre One will be retiring their \$40,000 debt this June. They have worked at strengthening ties with other community partners and VIU. Will be looking at using the Nanaimo Theatre Group venue for summer. Are continuing with their "Emerging Voices" series to workshop play scripts. Minnoz restaurant is a new sponsor and Coast Bastion Hotel will be providing a venue. Continuing to provide plays to community. In spring they are partnering with the Port Theatre for a children's ballet. Fringe Flicks on are track. Avalon will be renewing next year's lease at the current rates. Also have a new sponsor for Fringe Flicks. Utilizing church facilities as well and would like to continue as an annual event. Provided a performance in Parksville which will increase their visibility in a new community. Bite of Nanaimo will go forward in October. Theatre BC has had a play-writing competition in the past; however are not able to continue, so Theatre One will be working on having a BC play writing competition. Submission to BC Arts Council being reviewed for possible funding from them and Vancouver Foundation funding. Gaming Grant loss is catastrophic and in the past have received \$75K. It is hoped that the cuts will be reconsidered. The board is determined that they will sustain the organization despite these cuts. Unfortunately Daurel Neve has been given working notice due to the loss of revenue. Hopefully the funding will return in the future and they will look at bringing Daurel or someone like her to work on a project-by-project basis. Mr. Davey has been part of the group since 1997, Artistic Director for the first time in 2004. Over the years the company has done over 70 main stage productions, 65 Just Kidding productions, Fringe Flicks has also been very popular. It's been a really difficult climate financially; however, they are going to apply to the BC Arts Council for "Tamarac" production funding again. There has been a really good response from attendees of the reading. Mr. Davey provided an overview of the play Tamarac and its characters. The playwright has living relatives in the local area who have offered some financial support. Emerging Voices has grown into a professional development opportunity for playwrights. When Theatre One is not working on productions they are nurturing connections and emerging artists within the community and on the Island. Most plays tend to involve more costs than revenue – Jake's gift was unusual in that it brought in about \$1200 in profit. All communities are different and every community has their own goals and difficulties; however, some communities are able to support more for their community and Theatre

One would like to be able to provide more in the way of plays to Nanaimo and ask for the City's continuing support.

8. REPORTS OF PROJECT COMMITTEES:

- (a) Cultural Award Committee. No meeting held.
- (b) Art in Public Places Project Committee.

The Committee met on Monday, 2011-JAN-31, and reviewed twenty-two submissions. As a result of that review, the Committee chose eight pieces of varied media. There is a \$15,000 budget and three of the pieces will cost \$4,000, and five will cost \$1,000 for a total of \$17,000. Staff advised that there were proceeds from last year's auction that make up the shortfall, so all pieces can be purchased. It was suggested that there be a forum for Artists on how to make submissions. A handout was provided to the Cultural Committee membership for review and discussion purposes. Many of the pieces are in a nautical fashion. The artists will be meeting with staff at each suggested location to determine if they are the correct location for the piece. Not all artists specified sizes – the submissions were representative of the type of final work that will be provided. The artist's portfolio was a major factor in the decision-making process. The large scale piece by Derek Houston and Samuel Houston on the last page of the handout should show as being intended for placement in a Maffeo Sutton Park location rather than Pipers Lagoon Park.

It was moved and seconded that the Committee selections be approved and presented to the Parks, Recreation and Culture Commission at their next meeting, to be held on 2011-FEB-23, for their recommendation to Council for approval. The motion carried unanimously.

It was moved and seconded that the report be received. The motion carried unanimously.

- (c) Cultural Forum Project Committee.

Discussion for selection of members for the Committee. Julie Bevan, Eveline O'Rourke, and George McGladrey indicated their interest in serving on the Committee.

It was moved and seconded that Julie Bevan, Eveline O'Rourke, and George McGladrey be confirmed as members of the Cultural Forum Project Committee for 2011. The motion carried unanimously.

9. STAFF REPORTS:

- (a) Feedback and Recommendations from the 2010 Cultural Forum.

Staff's Recommendation: That the Cultural Committee receives the summary of feedback and recommendations from the 2010 Cultural Forum.

It was moved and seconded that the recommendation be adopted. The motion carried unanimously.

10. INFORMATION ONLY ITEMS (staff reports):

- (a) 2011 Marketing Plan (draft for discussion).

It was moved and seconded that the recommendation be adopted. The motion carried unanimously.

11. CORRESPONDENCE: (Action)

CORRESPONDENCE: (Information)

- (a) Society Annual Report – Form 11 – dated 2010-JUN-04 for 2010, submitted by Mr. Wally Wells, Director, Nanaimo Blues Society, as per the request of the Cultural Committee.

It was moved and seconded that the Correspondence be received. The motion carried unanimously.

12. NOTICE OF MOTION:

13. CONSIDERATION OF OTHER BUSINESS:

14. BUSINESS ARISING FROM DELEGATIONS:

- (a) Theatre One – brought forward as information only for the Committee. Suggestions were that a letter be drafted for the Mayor's signature, starting a campaign to ask for the reinstatement of the gaming funds, and that an e-mail be sent to both political parties that are seeking leadership requesting that the gaming funds be restored (30% of all gaming funds were to have gone to the arts). Commissioner Johnstone and Commissioner Pattje to follow up with Commissioner Kipp.

It was discussed whether the Committee should make a late submission to the UBCM to involve other communities to request that the province reinstate gaming funds.

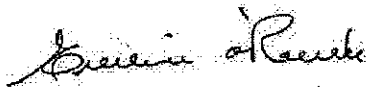

15. UNFINISHED BUSINESS:

- (a) Temporary Public Art Piece Donation. Staff provided an update as to the status of this matter – a letter has been sent to the sponsors and staff are awaiting their response.
- (b) Film on the EJ Hughes Restoration.

16. QUESTION PERIOD: (No questions.)

17. ADJOURNMENT:

REPORT TO: THE PARKS, RECREATION AND CULTURE COMMISSION

FROM: EVELINE O'ROURKE, CHAIR CULTURAL COMMITTEE

RE: 2011 TEMPORARY PUBLIC ART

CULTURAL COMMITTEE RECOMMENDATION:

That the Parks, Recreation and Culture Commission recommend that Council approve the Temporary Public Art selections for 2011.

EXECUTIVE SUMMARY:

At their meeting held on 2011-FEB-02, the Cultural Committee made the following motion:

It was moved and seconded that the Committee selections be approved and presented to the Parks, Recreation and Culture Commission at their next meeting, to be held on 2011-FEB-23, for their recommendation to Council for approval. The motion carried unanimously.

BACKGROUND:

Temporary public art displays are becoming a common method for municipalities to animate open spaces and parks. Viewing of the changing art pieces provides people a reason to attend the parks and "check out" new pieces of art. Because the art pieces are not permanent, they can also be conservative or controversial, yet advance public art programs at a low cost to the municipality. At the 2010-SEP-08 Cultural Committee meeting, it was moved and seconded that the Cultural Committee recommend that the Parks, Recreation and Culture Commission recommend that Council continue the Public Art Partnership with the Nanaimo Art Gallery in 2011 for temporary public art with the following modifications:

- (i) Budget for temporary public art for 2011/12 to remain the same as 2010/11;
- (ii) The RFP will be issued on 2010-NOV-01 with proposals due on 2011-JAN-07 and Selection Committee decision by 2011-JAN-28. (Artists to complete work by 2011-APR-15 in time for installation in May, 2011);
- (iii) RFP to be modified to reflect standardized installation requirements developed by PR&C staff;
- (iv) Specific locations (including possible additional locations) to be determined by PR&C staff in consultation with the Gallery;
- (v) The installation period will now be for one year from May, 2011, to May, 2012;
- (vi) Next RFP issued on 2011-NOV-01 for work to be installed in May, 2012;
- (vii) Next auction to be held in May, 2012.

The motion carried unanimously.

At their meeting held on 2010-SEP-22, the Parks, Recreation and Culture Commission unanimously adopted the recommendation.

In November 2010 the City of Nanaimo Purchasing Department issued a joint request for proposals (RFP) for Large and Small temporary art work. This RFP closed in mid-January 2011 with 26 artists submitting their concepts for consideration. Both outdoor and indoor venues were available to the artists and pieces were to be installed by May 2011. A public auction for the pieces is anticipated in May 2012. The Nanaimo Art Gallery and City of Nanaimo will then share the proceeds of the auction with revenues returning to the City of Nanaimo going back into the public art program.

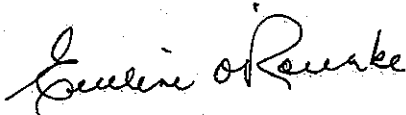

On 2011-JAN-31 the seven-member selection panel, comprised of representatives from the Parks Recreation and Culture Commission, the Cultural Committee, and, the Nanaimo Art Gallery, met. They evaluated the submissions based upon the following selection criteria:

- Quality of the proposal;
- Quality of the submitted work;
- Suitability and durability of the work;
- (i.e. its ability to withstand a year of external installation);
- Ability of the proposal to meet public safety and vandalism consideration; and,
- Addition of vitality to the public space.

A total of five small-scale pieces and three large-scale pieces were recommended to go on display in City owned venues for the one-year period. Honoraria for these eight pieces will total \$17,000. A summary of the pieces and their suggested locations is attached (Schedule A). The chosen pieces are made of many different materials and themes. All are suggested for outdoor downtown locations, except for one piece, which is suggested to be located in the newly renovated Beban Social Centre.

The temporary art pieces will be unveiled in May by the City of Nanaimo and Nanaimo Art Gallery. Plaques recognising the artists, describing their pieces, and giving auction details will be on display with each piece. A brochure with descriptions and a map showing the locations will also be made available to showcase the art work.

Respectfully submitted,

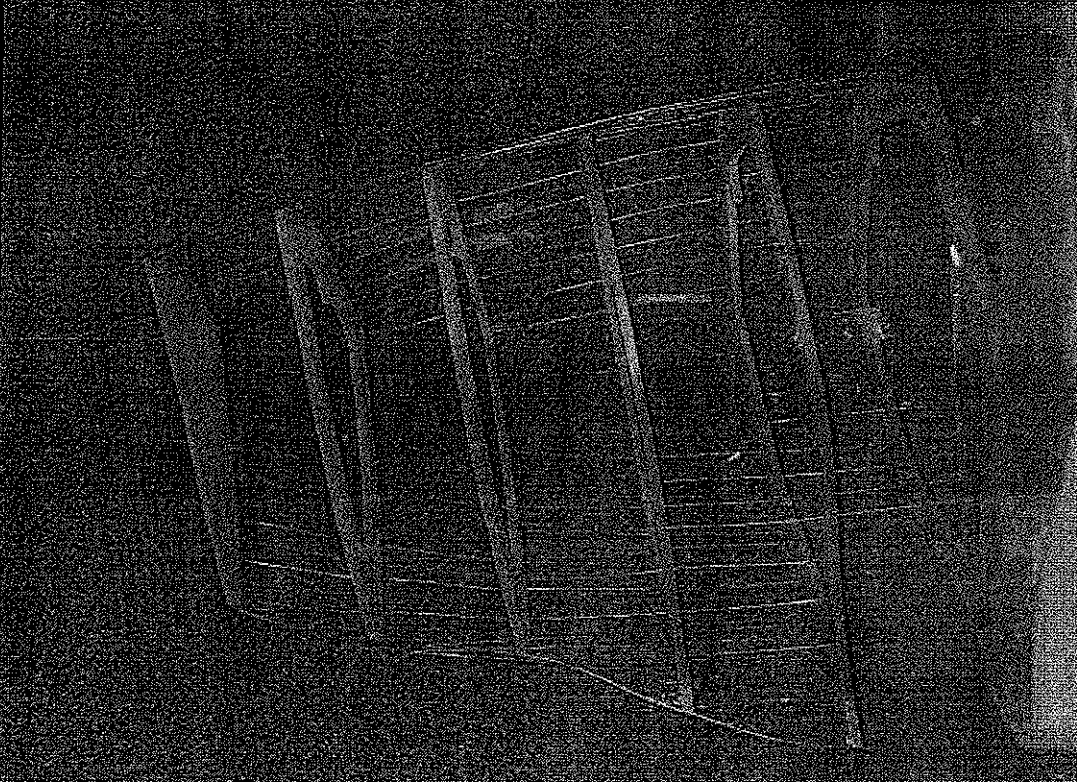

Eveline O'Rourke, Chair
Cultural Committee

Submitted by *Ed Poli, Gallery Manager*

The Campus Gallery (900 Fifth Street) presented:

- **Mappings: Departure Points** – from November 12, 2010, to January 8, 2011. An exhibition featuring the work of artists Bettina Matzkuhn and Robert Naish who both work within the context of the fascinating visual idiom of cartography. Each artist has charted and explored their own interior and exterior geographies and allow us to consider, perhaps even question, the constructed spaces we inhabit and often take for granted in our everyday lives. In this exhibition the map itself invariably becomes a vehicle for communication, interaction, and self reflection in its provocation of narratives and various departure points.
- **Process: The Faculty Exhibition** – from January 14, 2011 to March 5, 2011. This exhibition showcases the diversity and talent found within the Art and Design department at Vancouver Island University and explores the creative impulses and fascinating bodies of work that faculty have been creating over the last two years.
- **Art Education** – The Gallery presented educational workshops, gallery tours, an Artist Talk by Gregory Ball and a performance art piece by Justin McGrail. The Gallery's *Artists in the Schools* program presented workshops in numerous classrooms in SD 68 & 69.

Administration:

- Yearend – Audit went very smoothly with no significant mention of any required changes. Small deficit as projected in the budget.

- Exhibit Development – The past two months have been used for “catch-up” in the gallery and moving workshop equipment to make room for final permanent exhibit component.
- Discovering Chinatown - one large case will remain in the main gallery from this exhibit with periodic change as part of permanent gallery.

Programs and Events:

- Literary Luminaries and Lunar New Year – both went very well with over 100 and 750 respectively.
- Bastion Project - The “real” reopening with the updated exhibit will be May 19th.
- Pro D Days - where teachers learn about programs we offer continue to be well received.

- Spring Break – programs are filling well.

REPORT TO: PARKS, RECREATION AND CULTURE COMMISSION

FROM: RICHARD HARDING, DIRECTOR, PARKS, RECREATION AND CULTURE

RE: DISTRICT 68 SPORTS FIELD & RECREATION SERVICES AGREEMENT 2011-2015

RECOMMENDATION:

That the Parks, Recreation and Culture Commission recommend that Council renew the "District 68 Sports Field and Recreation Services Agreement 2011 – 2015" with the Regional District of Nanaimo and the District of Lantzville, which provides access to sports fields and recreational facilities within the City of Nanaimo and sports fields within Electoral Areas B and C; and that the Mayor, and, the Manager of Legislative Services be authorized to sign the agreement on behalf of the City of Nanaimo.

BACKGROUND:

In October 2005, as part of the implementation of the Regional Services Review recommendations, the City of Nanaimo entered into an agreement with the Regional District of Nanaimo to provide Electoral Areas A, B, C and D with access to recreational facilities and sports fields within the City of Nanaimo. In addition, two sports fields within Electoral Areas B and C were included as part of the cost sharing agreement. This agreement expired on 2010-DEC-31 and in order to continue with the current cost sharing and governance arrangement, the service agreement requires renewal.

The majority of the sections under the proposed agreement are consistent with the terms and conditions of the existing agreement. The data compiled in the 2010 survey will be used for annual budget purposes for 2011 to 2015, with a new survey to be conducted in the final year of the Agreement.

The Recreation Services Agreement reflects the agreement reached between the Regional District and the City in 2005 on how recreational services are cost shared. As the recreational facilities and sports fields are owned by the City and are not part of a regional function, only the cost of operation and maintenance are shared by the parties. The City retains the decision making authority on the operation and capital investments of its recreation facilities. Under the Agreement, the Regional District, Electoral areas, and the District of Lantzville have representatives from the contributing areas participate on the City of Nanaimo, Parks, Recreation and Culture Commission.

In 2010, the RDN contribution under this Agreement was \$889,620.

The attached Agreement provides details of the recreational service delivery relationship.

Respectfully submitted,

Richard Harding, Director
Parks, Recreation and Culture

REPORT TO: THE PARKS, RECREATION AND CULTURE COMMISSION
FROM: RICHARD HARDING, DIRECTOR, PARKS, RECREATION AND CULTURE
AUTHORED BY: KIRSTY MACDONALD, PARKS AND OPEN SPACE PLANNER
RE: DOG OFF-LEASH PARKS

RECOMMENDATION:

That the Parks, Recreation and Culture Commission recommend Council approve making the following pilot sites permanent and approve the implementation of new pilot sites for 2011.

2010 pilot sites (make permanent):

- Colliery Dam Park (Schedule A) (6 a.m. to 10 a.m. daily, as well as 4 p.m. to park closing)
- Beaufort Park (Schedule B)
- Diver Lake Park (Schedule C) (Seasonal: October 1 - March 31)

2011 pilot sites (2011):

- forested area adjacent to May Richards Bennett Park (Schedule E)
- Invermere Beach (Schedule F)
- St. George Ravine Park (Schedule G)

Similarly to 2010 pilot sites, all proposed pilot off-leash parks for 2011 will be implemented for a one-year trial basis following which the success will be evaluated. If the above are approved, the number of off-leash dog sites would increase from three to nine.

EXECUTIVE SUMMARY:

Staff have received considerable input from the public, conducted numerous surveys as well as hosted four public open houses in 2009 and 2011. Based on this input, the following off-leash sites, park improvements, and enforcement, park etiquette and awareness initiatives are being considered.

BACKGROUND:

Petitions were received by the Parks, Recreation and Culture Commission in 2009 requesting the City add more dog off-leash parks in the City. Staff gathered information from other municipalities, websites and other public comments which suggested Nanaimo, with only three permanent off-leash options, lagged behind other comparable cities in British Columbia in terms of dog off-leash parks.

As a result, the Parks, Recreation and Culture Commission hosted public open houses in 2009 to gather public input regarding an increase in dog off-leash parks. The reaction was very positive and supported more dog off-leash parks within the City. As part of the Open Houses, staff identified many sites that could be implemented in phases over several years. These sites covered the City geographically and had varying characteristics. Three of these sites were opened in 2010 as pilot sites and have been tested for a year.

Two open houses were held in February 2011 to gauge support for the pilot sites and to explore the addition of new pilot sites for 2011. A few hundred people attended with about 150 people sending in survey responses and written feedback.

Feedback from these open houses was much divided. There was clear support for more off-leash parks and an appreciation of the pilot sites and efforts to increase off-leash facilities. Comments gathered from the public suggest the off-leash parks need to have access to water for drinking and swimming, shade trees, fencing in some areas, large open spaces, parking, and be geographically spread out around town. There was also clear frustration about dogs in parks in general. Many respondents observed a lack of respect of dog owners picking up dog waste and obeying rules as well as a general lack of dogs being under owner control when off-leash. There was also a perceived lack of enforcement in both off and on leash parks. This frustration also has led many park users to avoid areas where dogs are frequently walked and to desire "dog free" areas where conflicts between dogs and people can be avoided and environmentally sensitive features are preserved.

Based on this feedback, the following off-leash sites, improvements, and programs are being proposed. The ideas presented can be covered with money currently budgeted for dog off-leash parks in 2011.

2010 Pilot Sites:

Overall, the following sites were well liked by the public with some minor improvement ideas expressed. These sites are relatively low-cost and meet the range of needs expressed by the public. Consequently, these sites are suggested as being made permanent.

- Colliery Dam Park (Schedule A) (6 a.m. to 10 a.m. daily, as well as 4 p.m. to park closing)
- Beaufort Park (Schedule B)
- Diver Lake Park (Schedule C) (Seasonal: October 1 - March 31)

2011 Pilot Sites:

Of the ten future off-leash ideas presented to the public at open houses in 2011, the following three were the most popular. These are relatively low-cost to implement and meet the range of needs expressed by the public.

- forested area adjacent to May Richards Bennett Park (Schedule D)
- Invermere Beach (Schedule E)
- St. George Ravine Park (Schedule F)

Beban Park Off-Leash Park:

The Beban off-leash site is a very popular park with a great central location and heavy use. Staff are responding to feedback and are implementing a number of improvements to the Beban Dog Off-Leash Park. Improvements include the planting of shade trees, increased water fountains, introduction of a trail loop inside the fence and outside the fence, doubling the size of the small dog off-leash park, resurfacing of the park, addition of lights for evening use and pickup, and improved universal accessibility. These improvements are expected to be complete by May of this year and are focused on making this a comfortable destination park for people who like fenced dog facilities with an urban character.

Enforcement, Park Etiquette, and Awareness:

Over 8000 residents in Nanaimo have licensed dogs¹ of which, the majority are exercised outside. The number of dogs in parks and general park use are both increasing. In order to avoid current and future conflicts, the City of Nanaimo Bylaw Department and Animal Control are planning to increase enforcement regarding dogs starting 2011-MAY-01. Violators will be ticketed.

In order to make dog owners more aware of the etiquette expectation when walking a dog in a park (both on and off-leash), new signage with clear expectations posted will be installed in parks. A media campaign on the same subject will also be launched in April to raise awareness about dog etiquette. The City of Vancouver has recently launched a similar campaign with much success. In addition, a brochure with dog off-leash options advertised will also be available to the public this spring. Maps to each of the off-leash sites and the amenities at each will be clearly presented. This brochure will be available at recreation facilities, on line, and will be distributed by Animal Control Services when in the field.

The City of Nanaimo is also offering a *Good Neighbors Dog Program* course in an attempt to raise awareness about etiquette for both dog owners and dogs in parks and public spaces. This course is open to the public as a personal edification course right now but could also be an optional consequence for people who have been ticketed for dog off-leash infractions. Currently, those who pass the course do receive a discount when renewing their dog license for the following year as an incentive.

Respectfully submitted,

Richard Harding, Director
Parks, Recreation and Culture

SCHEDULE A

2010 Pilot Site - DOG OFF-LEASH PARK DEVELOPMENT STRATEGY

Colliery Dam Park — Upper Dam

Wooded, natural dog off leash park with water access | 6am - 10am pilot times, All Year:

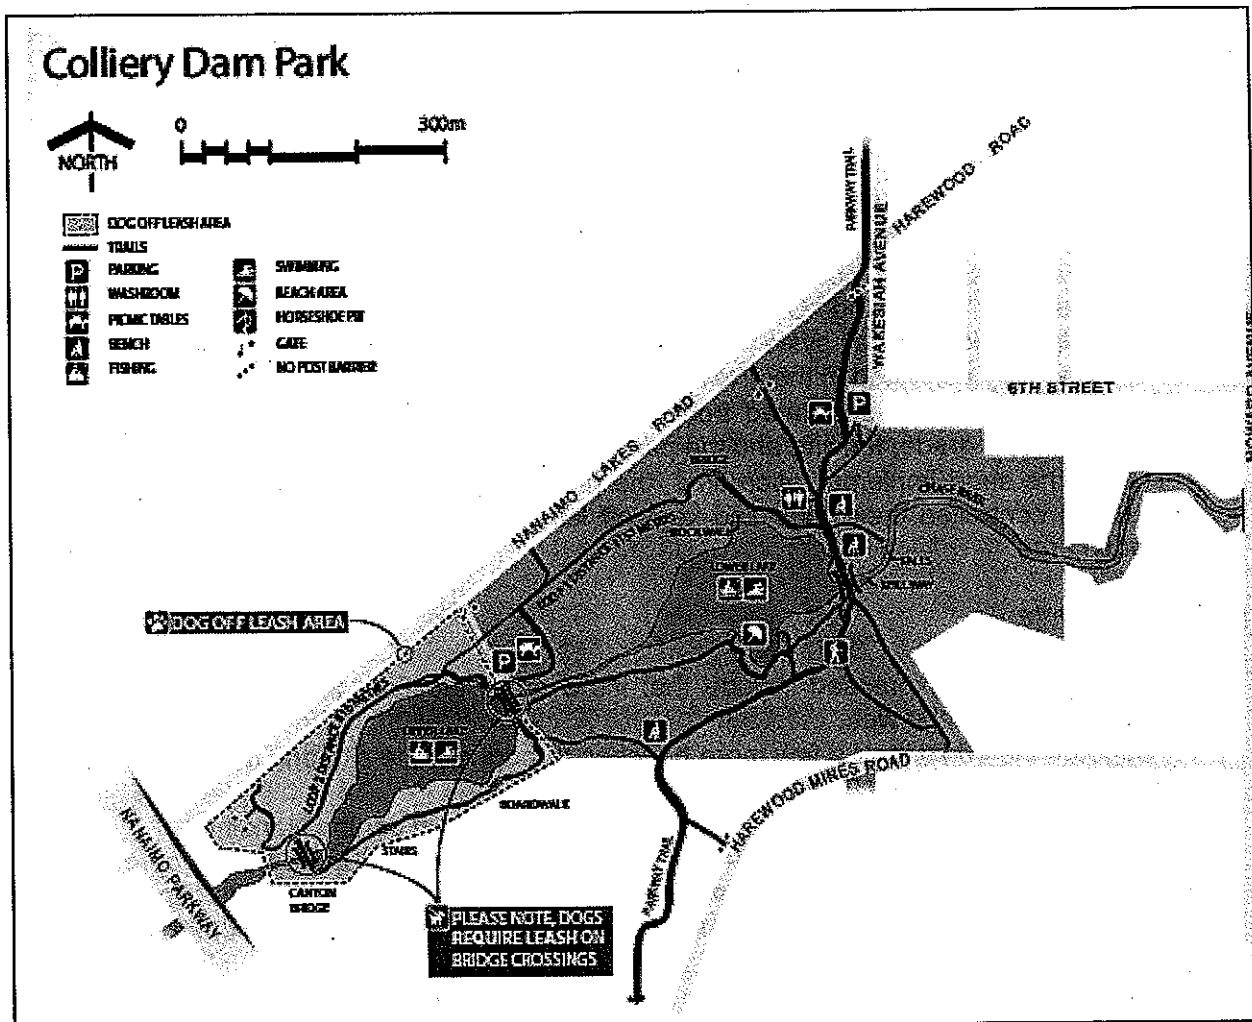

- This Park is located in South Nanaimo and consists of two reservoirs, parking lots and main trail loops.
- The upper trail loop was converted into an off-leash trail with ease and limited costs. There is an existing parking lot at the second loop with good access to the wooded trail loop and reservoir.
- Only the upper trail loop and reservoir were designated as off-leash. Dogs require a leash in all other areas of the park

Feedback to Date:

- Main concerns expressed for this site included the fact that it's not fenced, conflicts between runners, cyclists and dogs and hours being too short (especially for people working). There was also a clear feeling that rules were being abused and not enforced. Dogs are seen all over the park off leash (not just the upper loop), off leash outside of the hours, and owners are not picking up despite the busy nature of the park and environmental sensitivities.
- Benefits of this site are that it's in the South End, offers some shaded trail and swimming options for dogs and owners, and is a relatively low cost off-leash site. Hours help to mitigate impacts of dogs on other park users.

Recommendation:

- Recommend to make this site permanent with extended hours from 6 a.m. to 10 a.m., and 4 p.m. to close.
- Recommend the addition of garbage cans in key locations to promote waste pickup and increased enforcement.

SCHEDULE B

2010 Pilot Site - DOG OFF-LEASH PARK DEVELOPMENT STRATEGY

Beaufort Park

Central, semi-urban dog off leash park | All Day, All Year:

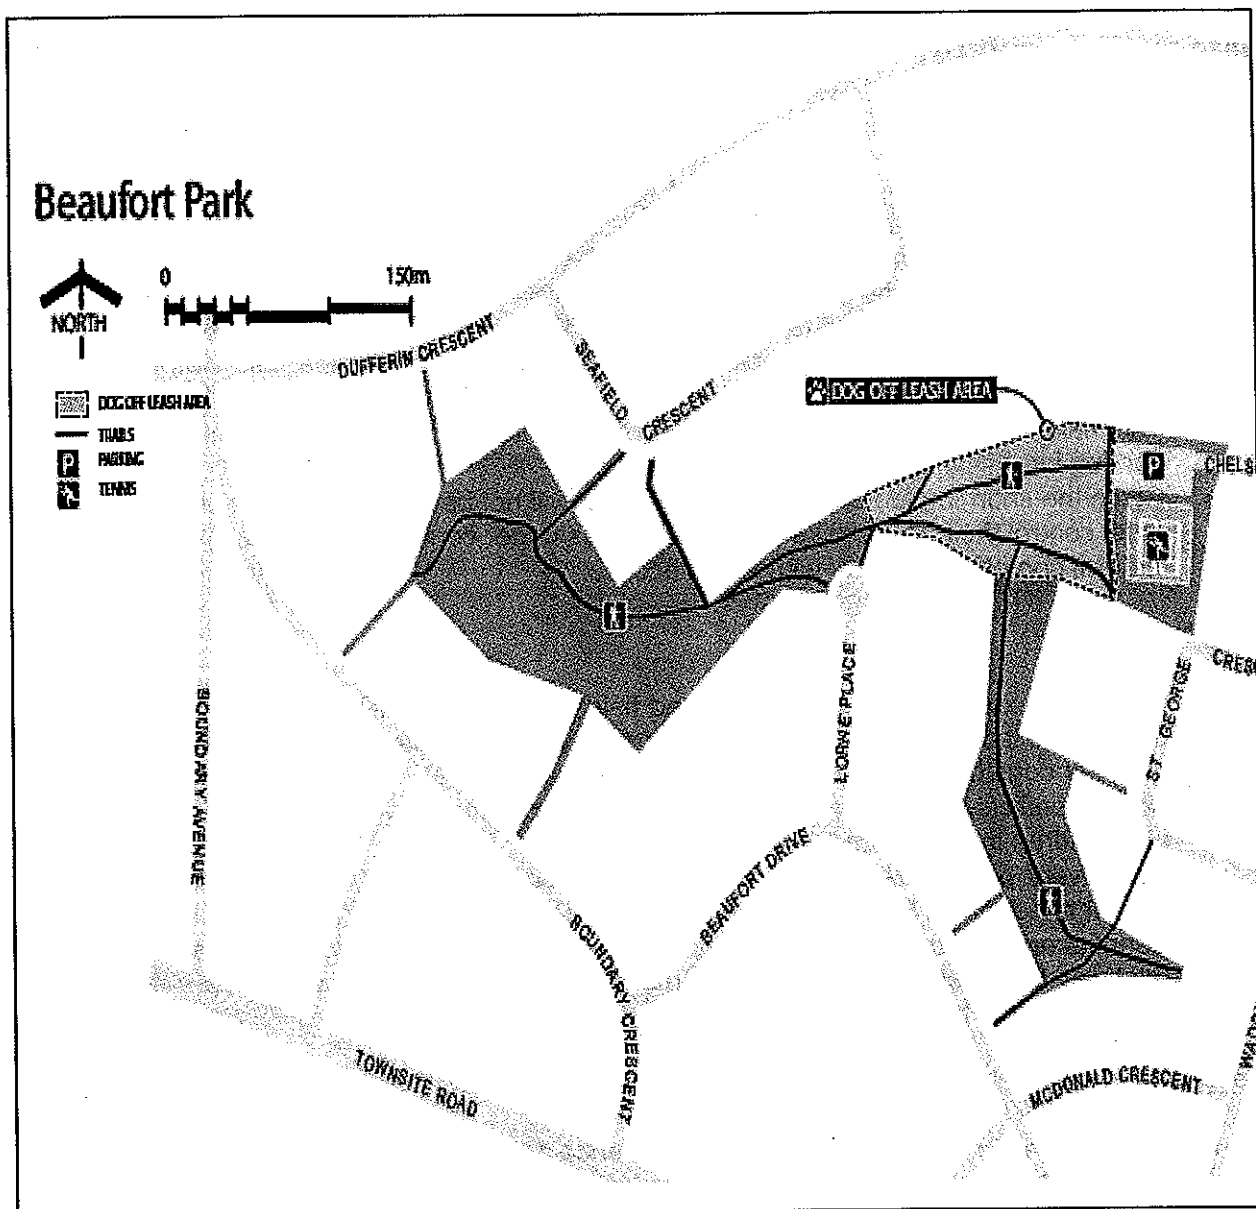

- This Park is centrally located with an under utilized large open grassy area and good access to parking. Overall, the park is ten acres and this field area is centrally linked to a trail system where dogs can be walked on leash. Off leash use was only permitted in the grassy area.
- This grassy area is separated from the tennis court and adjacent residential properties by grade, fencing and the parking lot.
- Given the short implementation time, the grassy area was not fenced and dog owners controlled their dogs and kept off leash dogs under control in the off-leash area.

Feedback to Date:

- Main concerns expressed include that it's a small location, is not completely fenced, and can be wet.
- Suggest the addition of a few more benches throughout the site and a water tap installation at Chelsea Drive.
- Well liked by most users as an alternative off-leash site in central Nanaimo.
- Benefits are that the site is underutilized and dogs add life to the park, it's open and grassy and takes pressure off sports fields as an off leash site, it's central with good parking and site lines, and is linked to a larger trail system with forests and open trails (on-leash).

Recommendation:

- Recommend to make this site a permanent off leash location year round.

SCHEDULE C

2010 Pilot Site- DOG OFF-LEASH PARK DEVELOPMENT STRATEGY

Diver Lake Park

Natural dog off leash park with water access | All Day, October 1 – March 31:

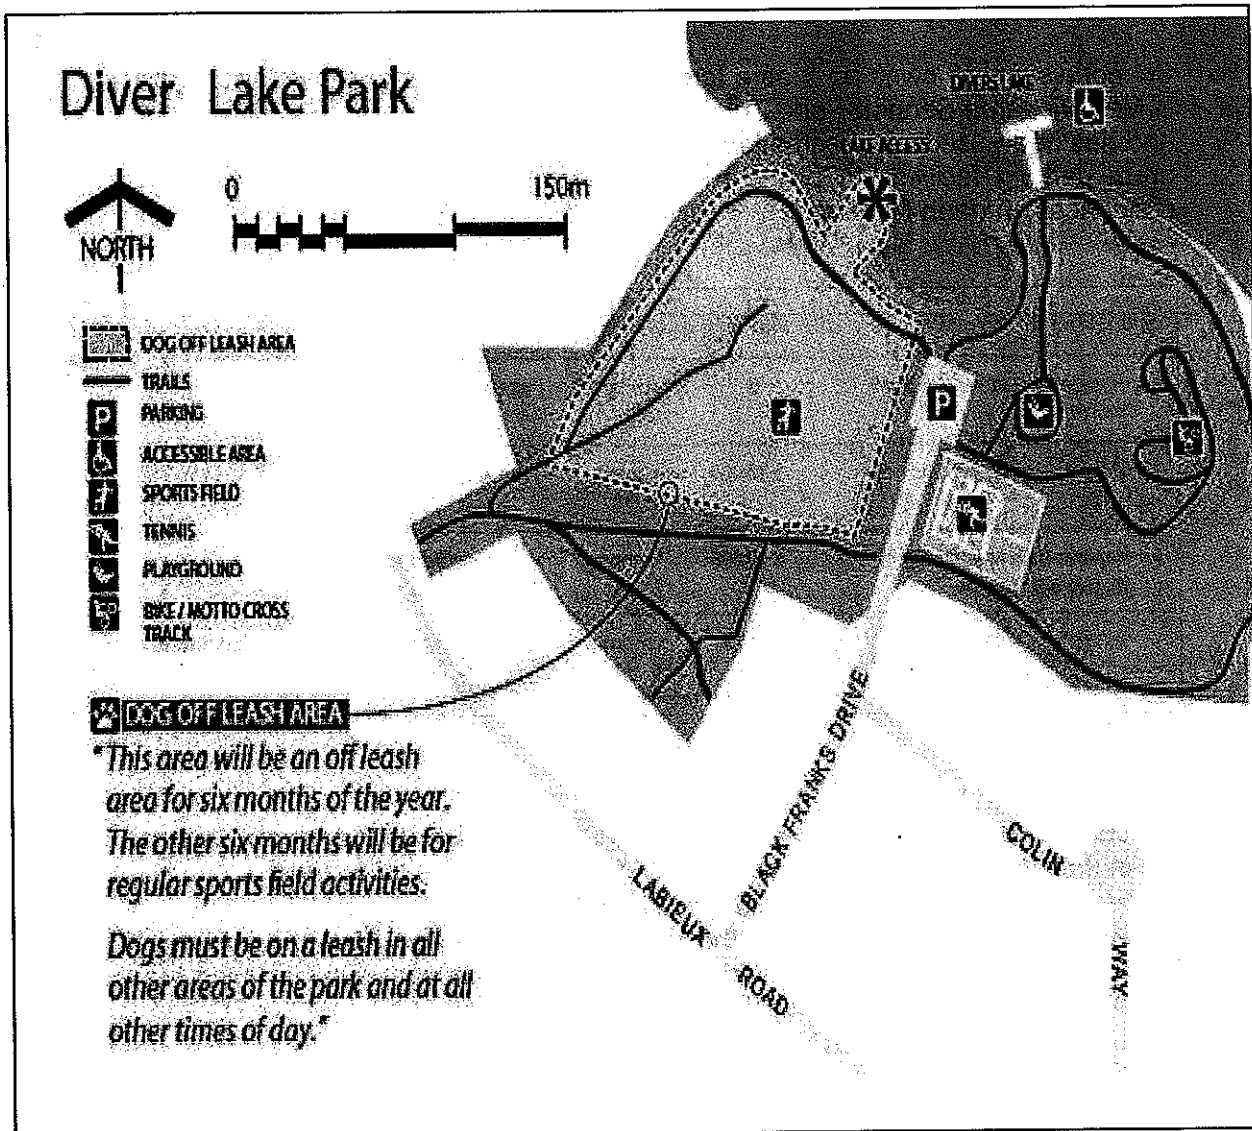

- This Park is north and centrally located with an existing sports field which is currently not frequently booked. This park has parking lot and fresh water lake area nearby and is linked to a trail system. The sports field can be converted into an off leash park area quickly and with limited cost. Only the field was off leash—not the entire park.
- This field is separated from the playground and tennis court by grade and the parking lot.
- Given the short implementation time, the field will not be fenced and dog owners must control their dog and keep off leash dogs under control in the field
- Natural dog off-leash Park with water access.

Feedback to Date:

- Concerns expressed over the saturated field conditions, small size, proximity to ducks, and lack of fence. Owners are not obeying the rules now and likely won't put their dogs back on leash when April 1st comes.
- Some conflicts between dogs off leash throughout the park (not just the field) and children in playground.
- Some very positive responses too about the location and alternative off-leash site for residents in North Nanaimo
- Benefits are that the site is open and grassy. It's suitable for dogs of all sizes, relatively low cost to implement, and makes use of an underutilized space. It's also linked to a trail network (on leash).

Recommendation:

- Recommend to make it permanent with a fence added between the field edge and parking lot as well as increased enforcement.

SCHEDULE D

2011 Pilot site - DOG OFF-LEASH PARK DEVELOPMENT STRATEGY

Land adjacent to May Richards Bennett Park

North | All Day, All Year:

- School district 68 owns an 8 acre forested property adjacent to the City's fields & May Richards Bennett Park. This forested area has informal trails throughout and has been used as a recreational amenity by the community for years. It has great parking facilities in place and is located on a main road, away from residences, in north Nanaimo.

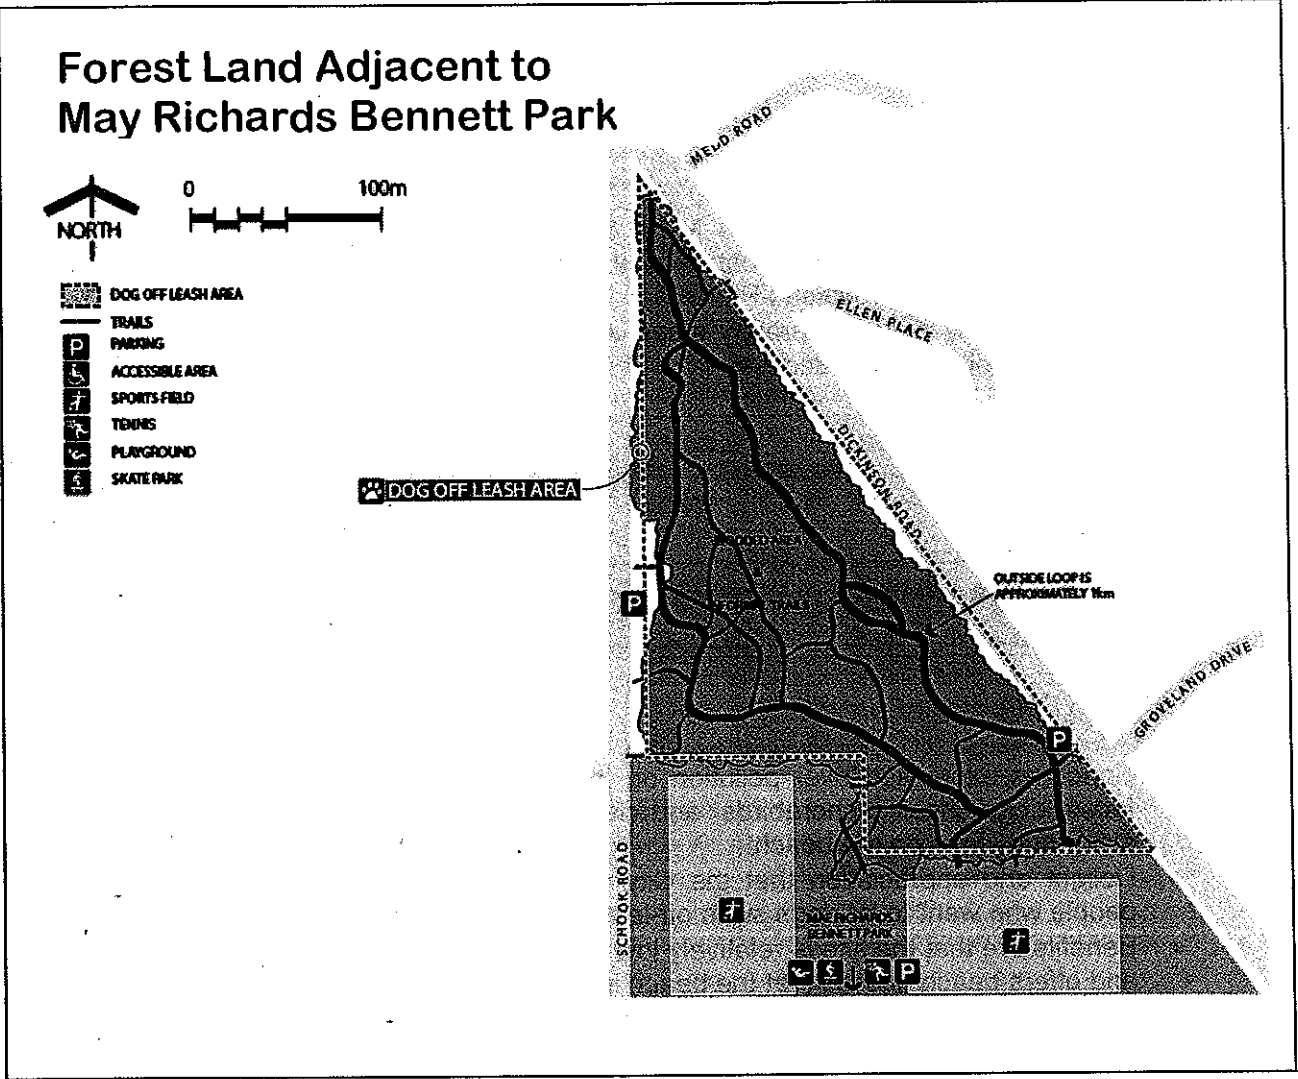

SUGGESTED IMPROVEMENTS	BUDGET	TIME	COMMENTS
• Review agreement with SD 68	0	spring '11	already in discussion
• Clearing new trails & benches	\$ 75,000	spring '11	to create new safety
• Improve trails to meet City of Nanaimo Standards	\$ 10,000	spring '11	to meet new safety

Feedback to Date:

- Concerns expressed over the unfenced nature of the site, deer and rabbits that live in the site, and current use as a walking route by the neighborhood.
- Appreciation of a wooded off-leash option in North Nanaimo.
- Benefits include this park being in the North end of town and offering a forested, shaded, trail option for people. It also takes pressure off sports fields which are currently used illegally for off-leash use.

Recommendation:

- Recommend that the City continue to work with the school board to make this site happen.

SCHEDULE E

2011 Pilot Sites--DOG OFF-LEASH PARK DEVELOPMENT STRATEGY

Invermere Beach

North Nanaimo | All Day, All Year:

- The beaches along Nanaimo's North Slope are wide and sandy at low tide. Invermere beach access is not heavily used and does offer some parking off Invermere and at Groveland Park.
- The access is only moderately steep and meets desires for ocean and north Nanaimo dog off-leash access.

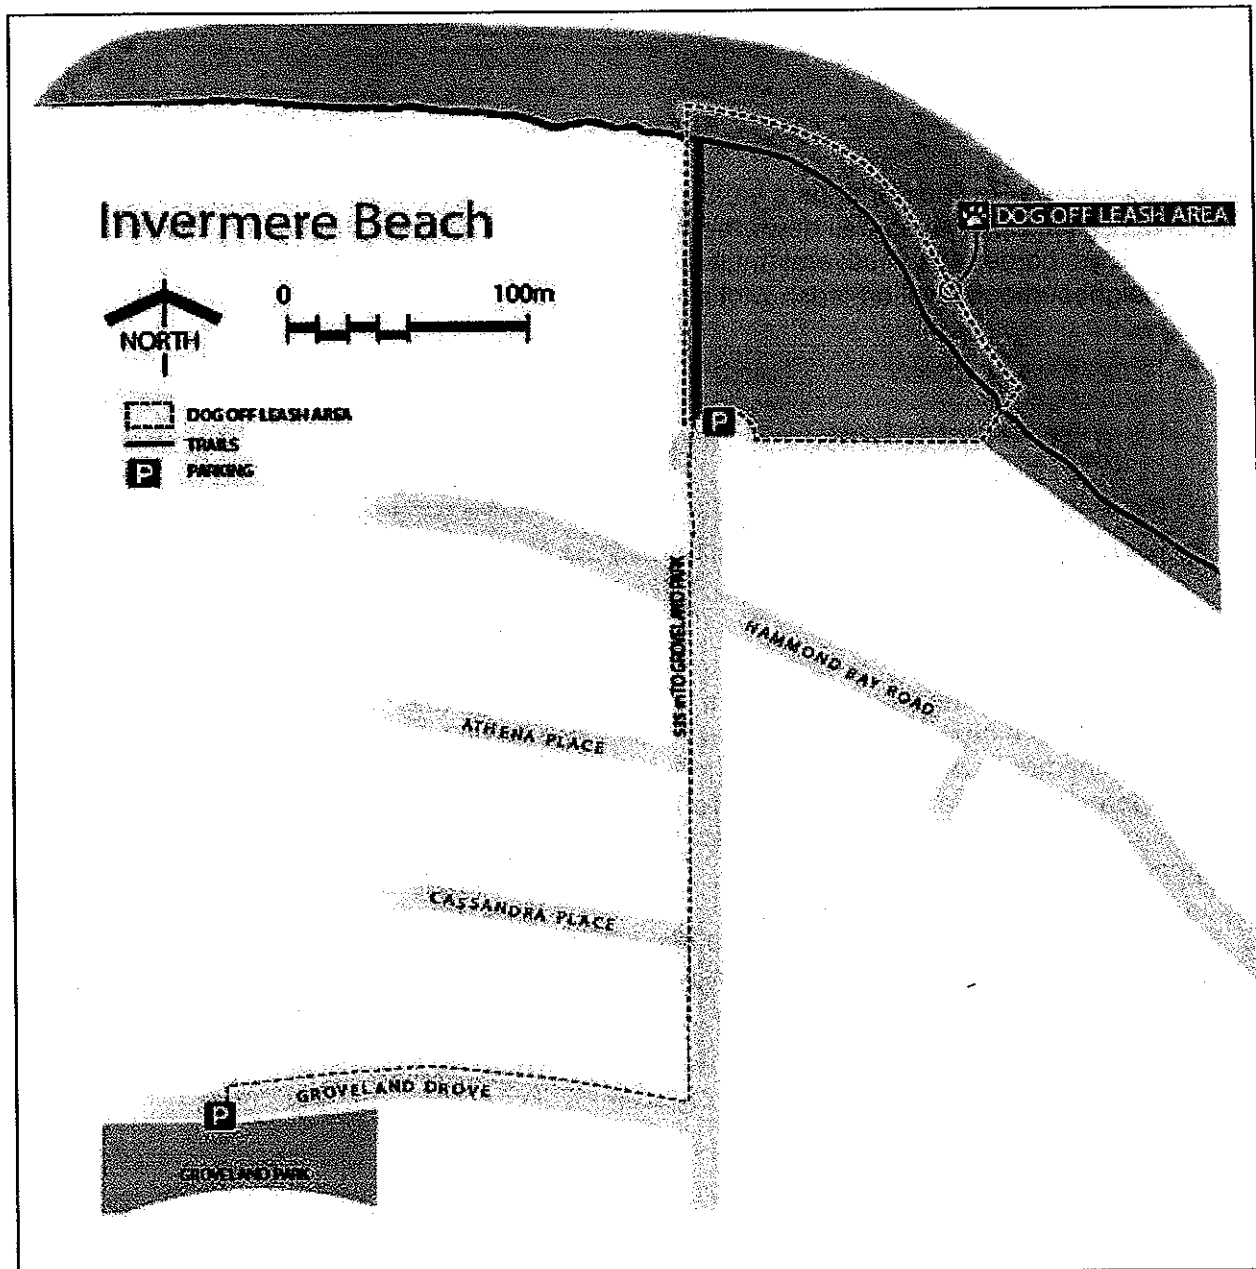

Project Name/Location	Cost	Time	Comments
Install signage	\$ 200	Spring '11	to delineate area for dogs & general park use
Install doggy stencils	\$ 100	Spring '11	to delineate area for dogs

Feedback to Date:

- Concerns expressed over pollution on the beach from owners not picking up feces, dogs chasing shorebirds, and clearly marking where the off leash area starts and stops on the beach.
- Delight and appreciation that the City would have an ocean front option for people who want to let dogs swim off-leash.
- Benefits are that the site is relatively low cost to try, it's in the North end of town, and offers beach access (yet the beach is not a busy beach).

Recommendation:

- Recommend that this site is implemented 2011-MAY-01 as a pilot site.
- Off-leash area must be well marked on the beach and enforcement must ensure that owners pick up feces.

SCHEDULE F

2011 Pilot site- DOG OFF-LEASH PARK DEVELOPMENT STRATEGY

St. George Ravine Park

South Central | All Day, All Year:

- St. George Ravine Park has a small grassy area accessed off St. George Street accessed by a paved trail down the ravine. This open grassy area is undefined and is bordered by several multifamily units. It could be developed as a neighbourhood level off-leash pilot site.

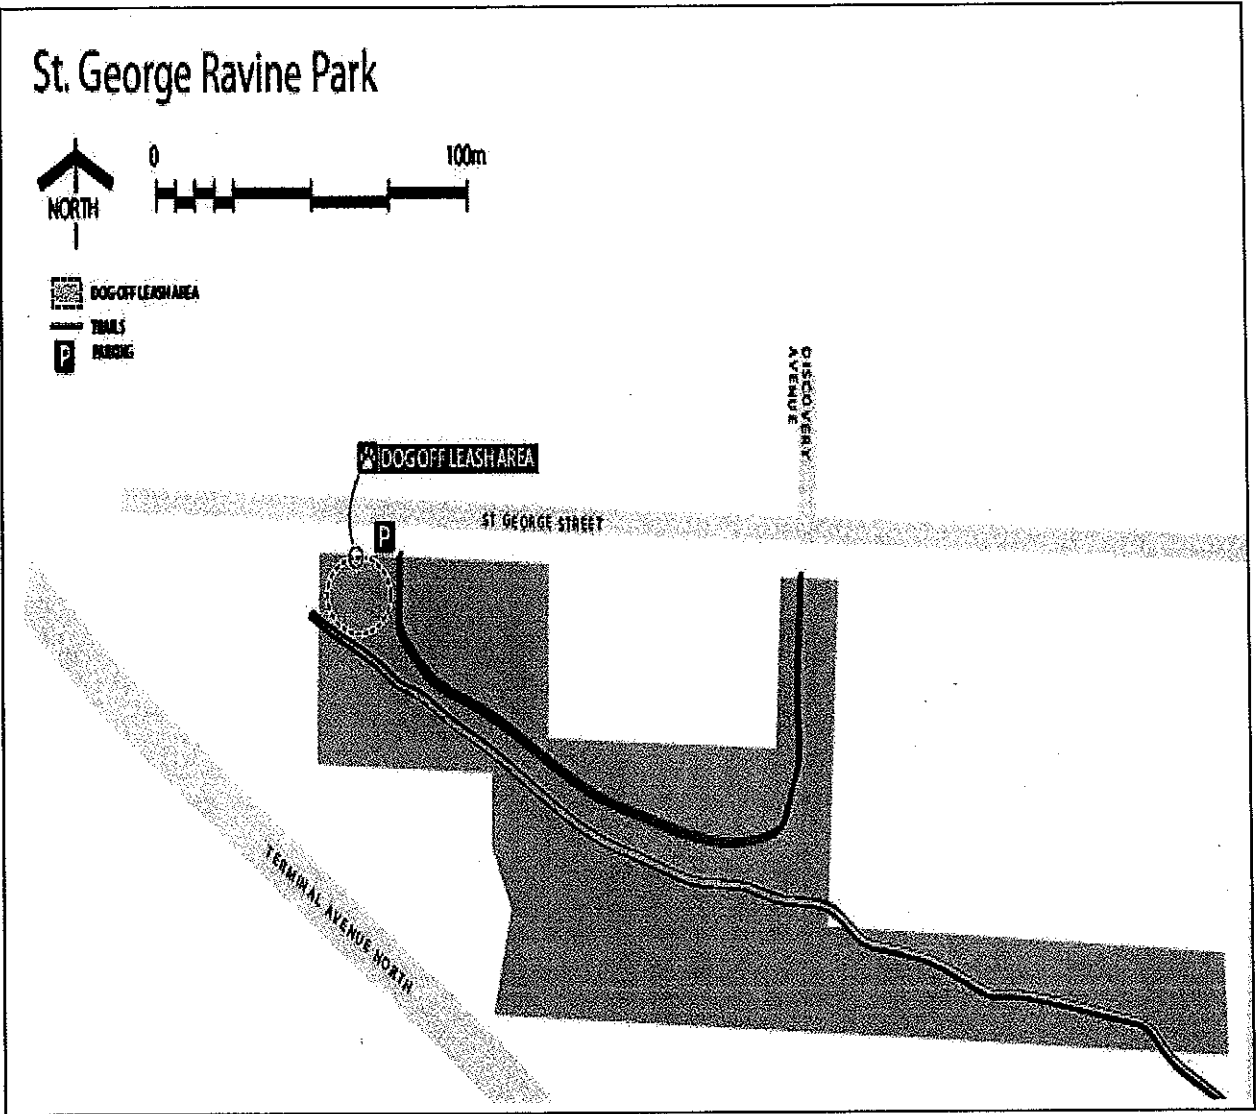

PROJECT DESCRIPTION	BUDGET	TIME	COMMENTS
Add adequate signage & fence	\$100	spring 11	to inform about park & dog rules & create site boundaries
Install benches	\$120	spring 11	to provide user comfort

Feedback to Date:

- Concerns over the size of the site, a lack of a trail loop, and parking.
- Benefits are that it's an underutilized site and is suitable for small dog and neighborhood use.
- Appreciation for a site that is suitable for small dogs in central/south Nanaimo.

Recommendation:

- Recommend implementing this as a trial site in 2011.
- Adequate garbage and signage will have to be added to the site in conjunction with opening.

RE: MONTHLY REPORT – FEBRUARY 2011 – PARKS OPERATIONS

The following highlights are the park initiatives for February. Regular maintenance tasks are not listed.

PARK PLANNING & DEVELOPMENT

- Two open houses regarding dog-off leash parks were held. Public feedback was provided for the 2010 pilot sites as well as additional locations for 2011. The findings will be reported to the Commission for evaluation. Current pilot off-leash sites were endorsed by Commission until 2011-APR-30.
- Improvements are underway at the existing fenced Beban Dog-Off Leash Park. A perimeter trail has been established and shade trees and irrigation will soon be installed. Surfacing, universal access, and lighting levels will also be improved. Modifications are being carried out as a result of user input.
- An improvement plan has been established for Pawson Park. Phase one will be implemented over spring 2011 and will be complete for summer day camps in the park. The park will be designed as an inter-generational space for kids and seniors. Staff are liaising with the neighborhood and neighborhood association on this work.
- The Harewood Centennial Park Improvement process is underway. Stakeholder meetings and open houses are planned for Spring 2011. Staff have also liaised with John Barsby School to solicit youth input into the project and incorporate the site into the overall school's vision.
- Temporary public art pieces for display in 2011 have been conceptually sited by the artists and staff. Artists have begun working on their pieces and expect to have them on display in May.
- Staff are continuing to work with consultants on further improvements in Maffeo Sutton Park including design of the amenity building and modifications to the Spirit Tent. Staff have also applied for a federal grant under the *Enabling Access Fund* to potentially assist in construction costs for the amenity building project.
- Staff presented about the history of Nanaimo's parks and park system at a Heritage Summit sponsored by the Heritage Commission.
- Staff liaised with the Development Services Department to acquire a park and trail through new applications in the Cedar area. Staff also met with residents of Westwood Lake area regarding trail development in their neighborhood.

VOLUNTEERS IN PARKS

- The playground equipment for Cariboo Park has been ordered. Fundraising is continuing and installation will occur in May/June of this year.
- Equipment for Salal Park has arrived and is in storage. It is expected that the playground will be installed in spring 2011 as weather permits.
- Residents of the Applegreen area are moving ahead on their proposal and fundraising.

- Rockridge Park volunteers are continuing with their fundraising by holding beer and burger nights for more park improvements in 2011.
- Staff have been working with residents around Allison Way Park to clean up the urban forest and remove hazard trees and branches. More work will continue in spring 2011.

MAINTENANCE AND CONSTRUCTION

- Carpenters have completed rebuilding the Cliff McNabb Skate Shop.
- New tiles were installed on the window ledges in the Nanaimo Ice Centre meeting room.
- The electrical transformer and service for the Bowen Park Amphitheatre were moved out of the old barn and onto a concrete pad in preparation for the barn's removal.

- Staff worked on repairing and upgrading the Brookwood stairs.
- Trails crew assisted in the Beban Park Dog Off-Leash upgrade.

HORTICULTURE

- Staff pruned 442 trees in north and south neighbourhoods. The pruning is structural pruning of young street and boulevard trees.
- Twenty-four new trees have been planted at Beban Dog Off-Leash Park.
- Six new trees have been planted at Oliver Woods Community Centre.
- Beban Park landscape renovations are continuing with two older *pinus* being removed and several rhododendrons transplanted from other areas in the park. The concept is to clean up the area by the Frank Crane Arena and thin out the overgrowth plants from older foundation planting around the Social centre.
- Staff are beginning to clean and prune flower beds.
- Bank stabilization at Maffeo Sutton Park has seen 112 metric tons of rip rap added to the waterfront walkway from the Frank Ney statue north to the Lions Bridge.

UTILITY

PARKS AND OUTDOOR SPACES

- Millstone Channel Group has decided to change their title. A new title will be decided at the 2011-MAR-15 meeting. The process for the name change will be: members submit their name idea to Eileen Bossons; she will prepare a document with all the name entries and e-mail it to the members; members will select using their first, second, and third choice and send back to Eileen who will tabulate the results and then notify the entry winner at the next scheduled meeting.
- Pawson Park is getting a new face lift! We will be running one of our Free Summer Playground camps out of that particular park. The park is located on the corner Machleary and Franklyn. We have some innovative programming ideas to include vegetable boxes, and inter-generational programming with the Malaspina Care Facility across the street. Upgrades are scheduled to be done by 2011-JUL-01. This area also has a large Neighbourhood Association that is very interested in helping to develop the park. The old pool will be removed and a new playground area will be constructed. Old playground equipment deemed unsafe will also be replaced.
- Community Contacts: Staff are working with fourth year Vancouver Island University (VIU) Biology students to remove the English Ivy in Barsby Park. Staff assisted with organizing a Teacher's Pro-D Day on 2011-FEB-21 session to market the outdoor programs in Bowen Park.

FROM: SUZANNE SAMBORSKI, SENIOR MANAGER, RECREATION & CULTURE SERVICES
RE: MONTHLY REPORT – JANUARY 2011 - RECREATION AND CULTURE SERVICES

Program Highlights

Nanaimo Harbour City Seniors Thursday Special Events averaged an attendance of almost 100 per event. Van trips have had a decline in registrations which prompted a decrease in trips in February and March. New advertising efforts are being made to boost numbers.

15 new programs have been added at Beban Social Centre for the spring/summer season. These programs will help fill the void that was left when Oliver Woods Community Centre (OWCC) opened. 12 new programs have been added in South Nanaimo.

Although there was been a slight decrease in attendance in 2010, pottery drop-in participants have increased steadily with 490 attending in 2007, to 829 attending in 2010. Many pottery classes are full and a new instructor has been hired to accommodate some of the overflow. School bookings continue to be popular.

There are now Weight Room Attendants working regular shifts in both the Beban Pool and NAC fitness gyms. The Attendants are gathering public feedback, with several improvements having been made as a result. The Attendants also conducted 30 hours of PR&C personal training sessions in January. The issue of independent personal trainers using City facilities is being considered to determine what controls need to be in place.

Professional Development

Chris Robinson took on the role of Business Services Supervisor on 2011-JAN-17.

New Recreation Coordinator Heather Bailey started 2011-JAN-17. Many of the Social Centre team spent time training her during her first week so she is now up and running and is fitting in very well. She spent a good part of January meeting with existing program instructors, doing facility tours, and making new contacts.

All staff participated in a province-wide earthquake drill on 2011-JAN-26.

Marketing

Marketing projects included:

- Activity Guide development,
- Dog-off Leash messaging and marketing.
- Finished and circulated 2011 Marketing Plan to department.

Communications projects included:

- Monitoring/Contributing to City Facebook page and Twitter - now at 3,136 Facebook fans and over 1,224 followers on Twitter.
- Foursquare Check-ins totalled: NAC – 5; Beban – 10; OWCC – 5; Bowen – 8; and, NIC – 8.
- Completed and distributed department wide communication calendar for 2011.

- Completed February/March e-newsletter; worked on e-newsletter submission option with Ross Collicutt in IT.
- Supplied information for the HR employee newsletter.
- Compiled and posted Aquatics Customer Satisfaction Surveys.

Media promotions and/or releases included;

- News Bulletin monthly feature article - feature instructor: Will Wegenast.
- Press releases: Dog Parks; Activity Guide Photo Contest; Lifesaving Showcase; Weight Room Attendants.

Spring/Summer Activity Guide will begin distribution 2011-MAR-03.

Special Events

- **Canada Day:** The first planning meeting was held 2010-FEB-03.
- **Picnic in the Park:** This event is scheduled for 2011-FEB-26. Posters have been completed by Rick Dawson at Three-O-Nine Graphic Design.
- **HealthAmongUs:** Staff have met with School District 68 to discuss the event and the upcoming dates. All the registration dates have been decided and confirmed. Staff will meet every two weeks to begin planning activities and are working on collecting information from schools to possibly implement a new format for 2012.
- **Terry Fox:** Staff has contacted a local running club to see if they would be interested in taking on the run as event organizers.
- **YouTube Video Production:** Staff will meet with a group of LIT's to put together a series of You Tube videos to better utilize the department's social networking capabilities. We will also be working with Cam Scott from IT on this project. The goal is to focus on South End Facilities and programs.
- **Student Art Exhibit:** This event will take place at OWCC on Sunday, 2011-MAR-06. The Buzz Coffeehouse has returned as a sponsor and promotional material will be distributed next week.
- **Lifesaving Showcase:** This was a successful event with approximately 500 people in attendance. S.O.S. Scuba was on site offering "Discovery Scuba" demonstrations for anyone interested. There were many opportunities for the public to participate in a number of lifesaving activities.

Community Development

- The department is partnering with NALT to host an Earth Day Celebration on 2011-APR-16 at Bowen Park. Among other things the event will focus on public education on pesticide alternatives.
- Staff and the Greater Nanaimo Early Years Partnership attended a "dream" meeting in early January to create a vision and goals for the group, prioritize ongoing projects and to improve collaboration between the key members of the groups.
- Staff continues to work on a Good Neighbour Dog Program, the focus of which is to combat anti-dog sentiments. Dogs will be trained and evaluated on demonstrating good manners at home and in public places. Graduate dogs will be awarded a distinctive scarf.

Monthly preschool programs have seen a dramatic increase in registrations with the majority of these programs being full with waitlists.

Arenas program registrations are up 107 registrations over 2010. Since 2010-JAN-01, public drop-in numbers are up 989 visits to 4,209 skaters.

Effective 2011-APR-01, fitness professionals not employed by, or authorized by the City of Nanaimo to provide instruction in City fitness gyms, will no longer be allowed to do so at drop-in rates. The event ran much smoother than last year with the entire set-up including jumps and course being ready for riders by 9:30 a.m. United Rentals donated a Bobcat and driver that assisted in moving, spreading and softening up of the snow beginning at 7:00 a.m. This saved many hours of manually shoveling and transporting the snow. There were 24 entered in the event which was down slightly from the 35 participants in 2010. The youngest competitor this year was a seven-year old boy who rode a special section of the course which was set up to accommodate those who were inexperienced or nervous with the other obstacles. Staff will be meeting to do a thorough post-event evaluation. Next year the event may be rescheduled to the spring to make it more of a novelty event.

- **HealthAmongUs:** Planning is ongoing for this event with staff meeting bi-weekly to ensure the event timeline is adhered to. Information packages will be sent to schools at the end of March. Staff recruitment has begun with a visit to various programs at VIU and e-mails being sent to past year's staff.

GETTING SOCIAL WITH THE CITY OF NANAIMO:

ONE COMMUNITY'S EXPERIENCE WITH SOCIAL MEDIA

MEGAN NOAKES IS PASSIONATE ABOUT BUILDING COMMUNITIES, BOTH ONLINE AND OFFLINE. SINCE LOOKING AFTER THE CITY OF NANAIMO'S SOCIAL MEDIA PRESENCE, SHE HAS TRANSITIONED INTO HER NEW ROLE AS A COMMUNITY RECREATION COORDINATOR. SHE LOVES FASTBALL, CUPCAKES AND THE BIG BANG THEORY. REACH HER BY EMAIL AT MEGAN.NOAKES@NANAIMO.CA, OR ON TWITTER @NINJAMEG.

EARLY IN 2009, the City of Nanaimo quietly entered the realm of social media, and we've never looked back. As one of the first municipalities in British Columbia to embrace this new form of communication, we were mostly alone in uncharted territory. Though somewhat daunting at times, we have learned to navigate this new form of communication and are proud to have emerged as a leader.

Our official social media presence has developed a loyal following over the last two years, and it continues to grow every day. We are passionate about connecting with our community and are confident other municipalities, recreation centres, and organizations will find their work in social media equally as rewarding.

Getting started in social media was not as difficult as many people would imagine. The initial conversations about how the emerging forms of communication might fit into the City's plans started in 2008 with someone simply thinking out loud, "Wouldn't it be great to have a Facebook page?" Before long, the Parks, Recreation and Culture department and our talented and energetic IT team were working to make it a reality.

Throughout the process, planning meetings were held to determine how the accounts would be managed and by who, as well as what the look and feel would be. Early in 2009, our official Facebook page (www.facebook.com/cityofnanaimo) launched along with our official Twitter account (www.twitter.com/cityofnanaimo). From idea to launch, the process took about six months. Uncertain about what and how to post, we decided to test the waters quietly and didn't announce our

presence on Facebook or Twitter. However, our slower start gave us an opportunity to really find our voice. As we started posting a few items here and there, the community quickly found us.

Today, nearly 2,800 people "like" our Facebook page, and we routinely interact with about 50 residents per week on a variety of topics through our page. We also recently reached more than 1,000 followers on Twitter. What started out as a quiet corporate whisper has developed into a friendly, confident personality that the community is eager to connect with.

The friendly, conversational voice we've given to our online presence has been key in that success. Messages are posted without jargon, and aim to promote conversation. On a number of occasions, we've been delighted to see the community demonstrate a sense of ownership over our Facebook page. Members will often respond to questions on their own, defend or debate the latest post, and are quick to scold inappropriate or off-topic comments.

We are also vigilant in replying to questions, following up and interacting with our community. We aim to keep the page as fresh as we can all the times, which signals to our audience that we really want to engage with them. In turn, they have responded by engaging with us (and each other) on a regular basis.

On Twitter, we have become a reliable, consistent source of information about Nanaimo as well. Since Twitter is predominantly text based as well as limited in terms of the size of our messages, the content naturally differs from Facebook. Depending on what's going on, we tweet 1-3 times a day. The tweets include a brief "headline" and with link to more

information on our official website, our online registration system, or any of our online event posters or listings.

Recently, we have been pleased to not only create content on the popular micro blogging site, but to begin using it as more of a conversational tool. As our following on Twitter has grown, we have begun seeing more people reach out to us through this medium. So far, it has allowed us to answer questions and join existing conversations. We are excited to see how this continues in the future.

It's difficult to measure, but we believe that the relationships we have formed with the community online have resulted in more registrations and better attendance for our recreation programs. The ability to provide more information, helpful hints, and sneak previews to our customers is one that benefits both the community and the departments involved. We hope to further increase public participation and engagement with the latest additions to our social media strategy: a YouTube channel and a Foursquare special at our community centres.

Of course, the process of creating an online presence is not without its challenges. Our pages, while predominantly focused on parks, recreation and culture, do serve all departments within the City of Nanaimo, so we have a number of administrators on both accounts. This has made it difficult at times to maintain a consistent tone of voice.

Our solution was to create a Social Networking Committee, with representation from six different

departments. They meet on a semi-regular basis to discuss issues, future plans, and guidelines for the use of both sites.

The Social Networking Committee has also come in handy for handling feedback in such a public forum. While it remains difficult to respond to the tough questions, we view it as an opportunity to enhance transparency and build trust within the community. Our efforts to reply to all comments - good or bad, simple or complex - have added an extra element of credibility to our overall social media strategy, making our day-to-day posts that much more effective.

While we have no set guidelines around how we reply to feedback online, customer service is always our goal and the Social Networking Committee often consults with one another to ensure the message is accurate and the tone is right.

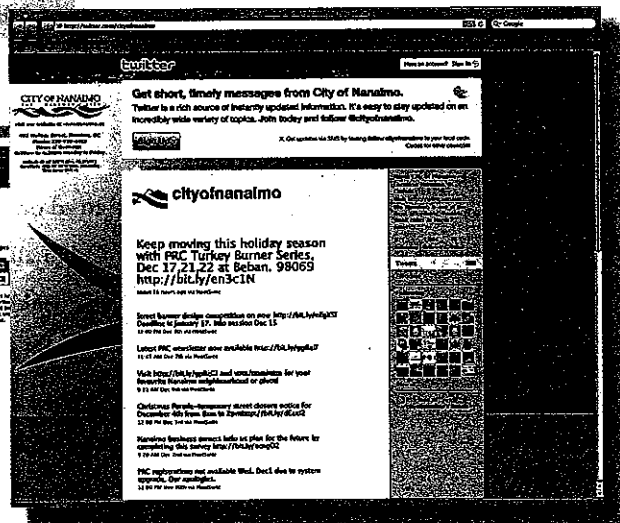

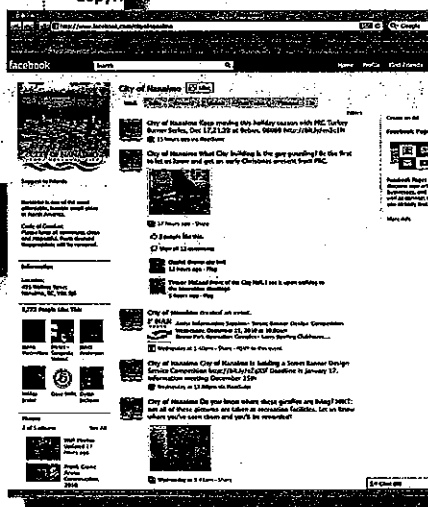

Our messages aren't the only ones we have to worry about on our Facebook page. We have occasionally had inappropriate messages posted to our Facebook page, which resulted in the addition of a Code of Conduct midway through 2010.

To manage our online presence, we spend about five hours a week preparing and posting messages, uploading photos and videos, and responding to questions and comments. While it's not a massive undertaking, it does require a commitment. We feel that with the benefits we've seen, it's an investment we are happy to make. After all, if the community is online, shouldn't we be there with them?

REPORT TO: THE PARKS, RECREATION AND CULTURE COMMISSION

FROM: RICHARD HARDING, DIRECTOR, PARKS, RECREATION AND CULTURE

AUTHORED BY: SUZANNE SAMBORSKI, SENIOR MANAGER RECREATION & CULTURE

RE: TRAINING PROGRAM IN WEIGHT ROOMS

RECOMMENDATION:

That the Parks, Recreation and Culture Commission receive the report.

EXECUTIVE SUMMARY

The City of Nanaimo has operated two weight rooms for many years under the "if you build it they will come" model. Until recently, the weight rooms had little staff oversight, weight room attendants or personal trainers to supervise, train or assist clients with the safe usage of equipment, develop programs for their specific needs, maintain/service equipment, or create opportunities that meet changing trends and needs of clients.

As a result, we have allowed the public to bring personal trainers into our facilities to train them; each paying admission to use the space. We currently have more than 10 external personal trainers training one-on-one and one-on-many in our facilities. There are also numerous agencies doing group training.

Often the training occurs during our peak times and without control over the behaviour, style, numbers and time of day, regular users and our developing weight room programs are being negatively impacted. External personal trainers have also been using the public weight rooms to run their businesses, solicit clients, and offer group sessions (tying up multiple machines at one time). We have received a number of complaints from our users regarding external trainers soliciting them, setting up "shop" for the day, etc.

Over the past year we have restructured the program team to create a Weight Room Coordinator who will oversee and program these spaces. Recognizing the growing interest and need from all demographics, especially the Boomers and older adults, it is important for us to manage our weight rooms the same way we manage other publicly funded facilities and program areas.

Part of the Coordinator's mandate is to create a safe and healthy environment for residents and pass holders to work out in. This is through staffing the facility at peak times, ensuring equipment is up-to-date and properly maintained, developing programs and services that enhance the customer's experience and promote the facility, and generate revenue to offset any additional subsidy to these spaces.

The Department's personal training program is key to providing a safe experience, a healthy experience, supporting the fitness needs of users, and offsetting the costs of operating the weight rooms.

236.1

Industry standard, in both a municipal and private setting, is to not allow external personal training. Public recreation centres in Greater Victoria (Victoria, Saanich, Esquimalt, Oak Bay, West Shore) and Ladysmith do not allow outside trainers. Similar to lifeguards and skate attendants, PRC Departments need to set the service, training, qualification, and experience standards. Other reasons for not allowing outside trainers include:

1. Personal training staff are required to hold an updated professional registration. We are unable to guarantee the updated registration of outside trainers.
2. Inside Weight room attendants and personal trainers represent the safe practices and expectations of the City and adhere to facility and program standard.
3. Unless trainers are under contract or agreement with the department they are running a private business within the recreation centres.
4. The City offers personal training services at very reasonable prices and permitting outside trainers undermines this service.
5. The City offers free orientations to any person using the facility (Fall 2011).
6. The faculties need to be managed to ensure the positive experience of all participants and that programs and services meet the demands and needs of the majority of customers.
7. The City is developing a personal training program and standard.

Trainers interested in using recreation facilities can be brought in under contract where appropriate. External agencies, such as the MS Society, would be brought in through a letter of agreement.

Transition to a no outside trainer policy takes time to communicate to users. A copy of the Outside Trainers Policy is attached for your information. A communication strategy is being developed. It also requires a full understanding of the trainers and agencies currently doing group training in our facilities and formalizes operating agreements.

Respectfully submitted,

Richard Harding, Director,
Parks, Recreation and Culture

OUTSIDE TRAINERS POLICY

Outside Trainers are defined as:

A trainer not employed or under contract by the City of Nanaimo that is receiving payment for training services they are providing to a client.

Why Outside Trainers are not permitted:

- Personal training staff is required to hold an updated professional registration. We are unable to guarantee the updated registration of outside trainers.
- Safety is important when using Weight Room equipment and receiving personal training. The City of Nanaimo will set safe guidelines and procedures with Inside Trainers to ensure our users receive positive benefit from their experience.
- Respect and adhering to the code of conduct is expected by Inside Trainers.
- City representatives will ensure positive experience for everyone and to control the facility environment.
- We offer personal training services at very reasonable prices and permitting outside trainers undermines this service.
- We offer free orientations to any person using the facility (Fall 2011).

What is allowed?

- Friends working out with friends.
- Outside Trainers that are under contract or a letter of understanding. Current agreements exist with SD68, swim club and some pre-arranged physiotherapy clinics (must be approved by weight room coordinator).

Richard Harding, Director Parks, Recreation and Culture
and City of Nanaimo Parks, Recreation and Culture Commission Members
City of Nanaimo
500 Bowen Road
Nanaimo, BC V9R 1Z7

Dear Mr. Harding and Commission Members,

RE: PROPOSED CELL TOWER ADJACENT TO NECK POINT PARK

I recently learned that Telus has made an application to erect a cellular tower on the RDN property at 4600 Hammond Bay Road, which lies immediately behind Neck Point Park. The proposed tower will be a maximum of 140 feet high, in addition to the elevation of the land it is to be built upon and will be located a few hundred meters from the boundary of Neck Point Park. This has me concerned for a number of reasons.

- 1) The placement of a 140+ foot cellular tower, no matter how vaguely disguised, would detract from the natural beauty of what Citizens of Nanaimo are calling Nanaimo's premier oceanfront park. Indeed, the City of Nanaimo's own literature, including the Nanaimo Community Profile published by the City of Nanaimo Economic Development Office (2009) demonstrates the value that this scenic natural park has for the City of Nanaimo. This profile states that Nanaimo has 200 parks, but only goes on to describe the attributes of one particular park: Neck Point.
- 2) In addition to having this visual blight detract from the natural scenic beauty of Neck Point Park, there are environmental, health and wildlife concerns. The proposed location for the cellular tower is atop a Rocky Outcrop. According to the Neck point Master Plan, this type of ecosystem is "Provincially designated as Environmentally Sensitive and is vulnerable to damage from expected human activities". I believe that erecting a 140+ foot cell tower on top of this sensitive habitat will cause permanent damage.
- 3) The potential impacts to human health after long-term exposure to RF Radiation are emerging in recent years. Canadian as well as international studies, peer-reviewed journal articles, radio and film documentaries are forming a picture that will serve to educate us all on the safe use of wireless technology. "Symptoms include headache, fatigue, sleeplessness, dizziness, changes in brainwave activity, and impairment of concentration and memory. Scientists report that these effects can occur with even very small levels of exposure, if it occurs on a daily basis. Children in particular are vulnerable to harm from environmental exposures." (Bioinitiative Report).
- 4) The number of citizens and tourists who enjoy Neck Point Park for daily walks, as well as weddings, picnics and family gatherings is growing each year. If this cell tower is built in such close proximity to Neck Point Park, how are people to fully enjoy their experience in this "quiet waterfront park which offers opportunities to enjoy and appreciate natural site features" while being towered over by a 140+ foot monopole tower, thinly disguised as a non-native pine tree?

Reading your report I found that it states that "a total of 128 bird species (including a number of Red/Blue/Yellow-Listed bird species) are likely to occur in the park, including roughly 75+ terrestrial species, 30+ waterfowl species, and 20+ shorebird species. This variety of species amounts to approximately 61% of the species that regularly occur in the Nanaimo area, which reflects the richness and wide diversity of habitat types present in the park. A total of 21 terrestrial mammal species are likely to occur in the Park, amounting to roughly 80% of the species that occur in the Nanaimo area." According to one German study by Hecht and Savoley "animals and plants are also very negatively influenced by this high-frequency electromagnetic radiation." In December 2010 Canada's House of Commons released a report on "potential negative health

outcomes as a result of exposure to electromagnetic radiation". This report contains expert witness testimony on health impacts to human, mammalian and insect (including bee) populations. With the rich diversity of plants, animals and birds in Neck Point Park, many of which likely use the RDN property at 4600 Hammond Bay Road as a wildlife corridor to access the park, it would be irresponsible to allow a cellular tower to be erected in this location.

As a resident living nearby who has spent many days with my children enjoying the beauty of Neck Point Park, I along with my friends and neighbours need your help. For the sake of our parks, wildlife and children, we as a community cannot allow this tower to go up in this location and need to find alternative choices. I urge you as Parks, Recreation and Commission members, who are charged with the stewardship of Neck Point Park, to take up discussions with the RDN Board of Directors to ensure that Telus application is not approved on the property at 4600 Hammond Bay Road. Thank you for your time and consideration in this very important matter. I can be reached at 250-760-0331 to discuss how we can work together on resolving this issue.

Sincerely,

Tricia Spearing

Subject: CC of Letter to Director and Nanaimo Parks Recreation and Culture Commission Members

Dear RDN Board Members,

I am enclosing, for your information and interest, a letter which I have written to the Parks, Recreation and Culture Commission City of Nanaimo. I would like to voice my concern over the RDN Board of Directors agreement to allow Telus to move ahead with their consultation process with the goal of erecting a cell tower at the property at 4600 Hammond Bay Road. As you know, this RDN property lies in close proximity to one of Nanaimo's premier waterfront parks and erecting a 140+ foot cell tower at this particular location would have direct impacts on parks users, neighbourhood citizens and the diverse wildlife which use this property as a migration corridor. I also see a direct conflict with the goals of the Neck Point Park Master Plan 2010, which I describe in the attached letter.

Thank you for your consideration in this matter and for working with Telus to seek out alternate locations that don't have such long term and potentially devastating consequences.

Sincerely,

Tricia Spearing

Call to Order

President Lynda called the meeting to order at 9 a.m.

Changes/Additions to the Agenda

- 1) Cribbage at Oliver Woods
- 2) Van Trips

Adoption of Agenda

M/S/C That the agenda for the meeting be adopted as amended.

Delegations

- 1) Betty Bush, on behalf of the crib players, spoke to the Board re having crib at Oliver Woods Centre. Michele said that as she is the programmer, she will look into this and get back to Betty.
- 2) Inez Baichu spoke to the Board re concerns about dwindling interest in van trips and questioned why the prices have almost doubled since 2009. As a result of this price increase, a lot of seniors can no longer afford to go on the trips. Michele spoke on the subject and expressed how disheartening it is to have to cancel trips. She said it appears to be better this month and that some trips will go ahead even if the van is only half full. Michele said she will work out some figures on what it actually costs to operate the vans and will bring this information to the next meeting. Bob asked if the City or some other organization could be asked to sponsor the van, but Michele said this is not possible as it would be in competition with private businesses. Lynda thanked the delegation for bringing their concerns to the Board.

Minutes of Last Meeting

M/S/C That the minutes of the January 7th, 2011 meeting be adopted as amended.

Business Arising from the Minutes

- 1) Update of New Horizons for Seniors Grant Application - Lynda said a very good meeting was held on January 27th and that another meeting will be held in the near future. Ali suggested a title for the proposed workshop to be "Senior Crime Stoppers".
- 2) NHCS Christmas Dinner Dance - After much discussion, it was decided that this event will be held this year on Friday afternoon, December 9th in the Bowen Auditorium and will comprise a traditional Christmas Dinner and entertainment. It was generally felt the change to a weekday afternoon would be beneficial as many seniors are unwilling to drive in the evenings, and in addition the Handidart would be available. Michele said the price point is an issue and so the price will be kept as low as possible.

Correspondence

- 1) A response was received from David Burns via email thanking the Board for their Letter of Appreciation.
- 2) Secretary also has written a letter to Inge von Stackelberg of the NHCS Crafty Workers expressing the Board's appreciation of their work in raising funds.
- 3) A letter was received from BC Registered Charities asking for the complete 2009-2010 financial statements.

Financial Report

Treasurer Anne Smith reported a cheque for \$789.00 was submitted to the NHCS Chorus representing one-half of the total cost of the keyboard purchased. She also stated she will be submitting an application for this year's 50/50 licence.

COMMITTEE REPORTS:

Program

Lynda advised that the venue of the Maritime Medley scheduled for March has been moved to the lounge at the Beban Social Centre in view of the large number of interested seniors. Colleen reported on her progress re caterers, entertainment, etc. It was noted that transportation could be a problem in that the event is on a Saturday.

Publicity

Sally said she would make up a poster for the Maritime Medley. Proofing of the newsletter is going well. Anne gave her a form to be used for 50/50 ticket sales. Bob volunteered to do the 50/50 on February 17th as Sally will be away.

City Seniors Coordinator

- NHCS memberships sold in January 2011 – 402
- 3 van trips in January, and several cancelled due to a seemingly lack of interest.
- Thursday afternoon events were reasonably well-attended, with the Rabbie Burns event having the most attendance at 120.
- There were 24 program starts in January, with Exercise and Fitness being the most popular.
- The NHCS Photography Club program has begun.

Michele distributed copies of a proposed Evaluation Form for 2011. Ashely volunteered to assist seniors who may need help in filling out the Evaluation.

Anne asked if the Evaluation Form could be included as an insert in the next newsletter. Michele said she would work on it as a one page (double-sided) form which could be included in the March newsletter.

Due to low turnout on many trips, we are not recouping this money. An average of 11 people are taking the monthly trips, of which 9 of these are usually regulars. Dear Diana:

Re: Grant for A Cappella Plus

Thank you so much for the very generous grant to our choir, which will be of great assistance to us in carrying out our mission to bring choral music to the community. It will help us, for example in putting on our concerts on May 28th and 29th, at which we will be having as our guests the Sinclair Singers. This is a very fine young adult choir which should be better known, and we are glad to feature them whenever we can. We are also looking into the possibility of hiring some young VIU musicians as accompanists for those concerts, a possibility which we had not contemplated until the receipt of this grant. We will continue to look for opportunities to cooperate and share with other cultural organizations.

Please extend our thanks to all members of your committee for their generosity.

Re: 2011 Cultural Operating Grant Funding

Dear Ms. Johnstone,

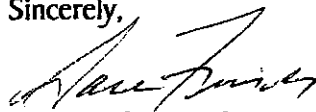

On behalf of the Executive Committee and all members of Malaspina Choir, I want to thank the Parks, Recreation and Culture Commission for approving a Cultural Operating Grant for our choir for this year. We have benefitted from the City's Grant Program for a number of years. Given the changes in provincial support for arts and cultural activities, it is very important – and much appreciated – that the City of Nanaimo continues to recognize and support the activities of performing arts groups in the city.

We understand the importance of sharing limited resources and will, of course, do this whenever possible. For example, we programmed joint performances with other local organizations in 2011 and have shared our music library (and drawn on others' music libraries) with other choral groups.

Thank you for your kind wishes. This year was the 40th anniversary of the Malaspina Choir and we look forward to continuing to give high quality choral performances for the citizens of Nanaimo for many years to come.

Once again, thank you for your continued support.

Sincerely,

Sara Frisch, President
