Subject: reconsideration of a matter

Dear Mr. Storey,

As discussed earlier today, under the Community Charter section 131 (1) &(2) , the Mayor may require a council to reconsider a matter and vote again with the following conditions. The reconsideration must be initiated at the same council meeting as the original vote took place or within 30 days following that meeting. Under section (2) (b) a matter may not be reconsidered if there has already been a reconsideration under the is section in relation to a matter. The sections are provided below. I trust this answers your question.

Regards,

Michelle
