

LED Scoreboards

Colorado Time Systems' numeric scoreboards are a cost-effective way to provide information, involve the audience, and showcase the athletes for all aquatic sports, as well as track. Modules can be used singly or combined in multiple-module scoreboard designs.

The LED scoreboard will enhance your program and provide exceptional visibility. Designed specifically for the swimming pool environment, your scoreboard's high-quality construction resists corrosion in any environment; giving you years of trouble-free service.

Panels can be added to the numeric scoreboard for sponsor advertising or facility/team name.

Numeric scoreboards can be set to display information for swimming, diving, water polo, synchronized swimming, track, and other sports. This scoreboard may also serve as a time-of-day clock and pace clock.
