## 2019 – 2023 Financial Plan Quick Facts

### Property Tax Increases

	2019	2020	2021	2022	2023
General Asset Management Reserve	1.0%	1.0%	1.0%	1.0%	0.0%
General Property Tax Increase	4.0%	2.6%	1.9%	1.8%	1.4%
<b>2019 - 2023 Financial Plan</b>	<b>5.0%</b>	<b>3.6%</b>	<b>2.9%</b>	<b>2.8%</b>	<b>1.4%</b>

The approved annual 1% property tax increase for contribution to the General Asset Management Reserve currently ends in 2022.

	2019	2020	2021	2022	2023
Sanitary Sewer User Fee Increase	4.0%	4.0%	4.0%	4.0%	0.0%
Water User Fee Increase	7.5%	7.5%	5.0%	5.0%	5.0%

### Impact on a Typical Home

This excludes amounts collected for the Vancouver Island Regional Library (VIRL), the Regional District of Nanaimo (RDN), School District 68, Island Health Authority, Municipal Finance Authority and BC Assessment.

	2018*	2019*	\$ Change	% Change
Property Taxes	\$1,991	\$2,092	\$101	5.0%
Municipal User Fees				
Water Fees	\$514	\$552	\$38	7.5%
Sewer Fees	\$130	\$135	\$5	4.0%
Sanitation Fees	\$165	\$170	\$5	3.0%
<b>Total Municipal Taxes &amp; User Fees</b>	<b>\$2,800</b>	<b>\$2,949</b>	<b>\$149</b>	<b>5.3%</b>

\* Rounded to nearest dollar

Based on \$464,403 assessed value (2018 average per BC Assessment)

Assumes a typical single family house with average assessment change

### Budget Highlights

- Continues focus on public safety, with \$29.6 million for police services, \$18.7 million for fire services including 911 and emergency management and \$2.9 million for Bylaw, Regulation and Security.
- 15 new RCMP members, 3 per year over a 5 year period, 2020 – 2024.
- Continuation of the multi-year project to replace Fire Station #1.
- Increases funding for projects to support the City's 20 Year Investment Plan.
- Continues work on the revitalization of 1 Port Drive. The revitalization of these lands will help connect the South Downtown Waterfront with the City's core.
- Expansion of cycling lanes in support of the Transportation Master Plan and the goal of doubling active transportation trips by the year 2041.
- Phase 2 (2019) and Phase 3 (2020) of the LED streetlight conversion program.
- Construction of the Harewood Youth Park Phase 1 (2019), Phase 2 (2021) as per the Harewood Centennial Park Improvement Plan received by Council in 2013.
- Strategic Plan update with new Council.
- Phased development of the Waterfront Walkway linked to the *Strategic Plan Update* in 2016.

### 2019 Operating Budget

\$145 million will be spent for annual operating and maintenance resources that deliver day-to-day City Services.

2019 Revenue

\$187 million provides funding for all City day-to-day operations, projects, contributions to reserves and VIRL. \$110 million of funding is from property taxes

excluding property taxes collected for the RDN, School, and Hospital.

Each year as part of the budget process, choices must be made to keep taxes affordable for our businesses and households.

### Financial Planning Framework

The City's integrated planning framework is comprised of three separate but complementary planning processes. These processes support alignment and integration of resources and activities to achieve the strategic goals and priorities set by Council. These three key processes include: the Strategic Plan, the Asset Management Plan and the Financial Plan.

### Strategic Plan

The former Council completed a *Strategic Plan Update* in 2016. The purpose of the update was to build upon the community vision, values and commitments made under the City's previous *2012 – 2015 Strategic Plan*. The update restated the City's commitment to the four values of sustainability: economic health, environmental responsibility, social equity and cultural vitality.

### [City of Nanaimo Strategic Plan Update](#)

The new Council has developed a draft version of the *2019 – 2022 Strategic Plan*. Four strategic themes for the plan were identified: governance excellence, environmental responsibility, economic health and livability. Once adopted the Strategic Plan will provide the strategic goals and priorities for their term. This will provide guidance for future Financial Plans.

### 20 Year Investment Plan and Asset Management Update and Development Cost Charges (DCC) Review:

On April 5, 2017, staff presented a *20 Year Infrastructure Investment Plan* to Council. The plan included projected investment required over the next twenty years for current infrastructure renewal, for new/upgraded infrastructure required due to growth and for specific investment.

Development of the City's first *20 Year Infrastructure Investment Plan* was led by the City's Asset Management Steering Committee and included input from the DCC Review Committee. Both committees had representation from across the organization including engineering, development, facilities, IT and finance disciplines.

Council approved the following recommendations to close the funding gap:

- Continuation of 1% annual increase to property taxes to 2022 for contributions to the General Asset Management Reserve
- Completion of the DCC Review and adoption of new rates bylaw – new DCC rates bylaw was adopted April 2018
- Continued development of the City's asset management capacity

The 2019 - 2023 Financial Plan includes a 1% property tax increase for the first four years for contribution to the General Asset Management Reserve. The City's Asset Management Steering Committee is currently leading several key initiatives to further develop its asset management capacity.

## City of Nanaimo 20 Year Investment Plan

### Financial Plan:

Updated annually, the City's five-year financial plan includes budgeted revenues and expenditures for:

- Delivery of day-to-day services to the community;
- Investment in infrastructure;
- Delivery of strategic initiatives; and
- Enabling long term funding strategies.

### Core Services Review:

In addition to the *Strategic Plan*, the *Asset Management Plan* and the *Financial Plan*, Council

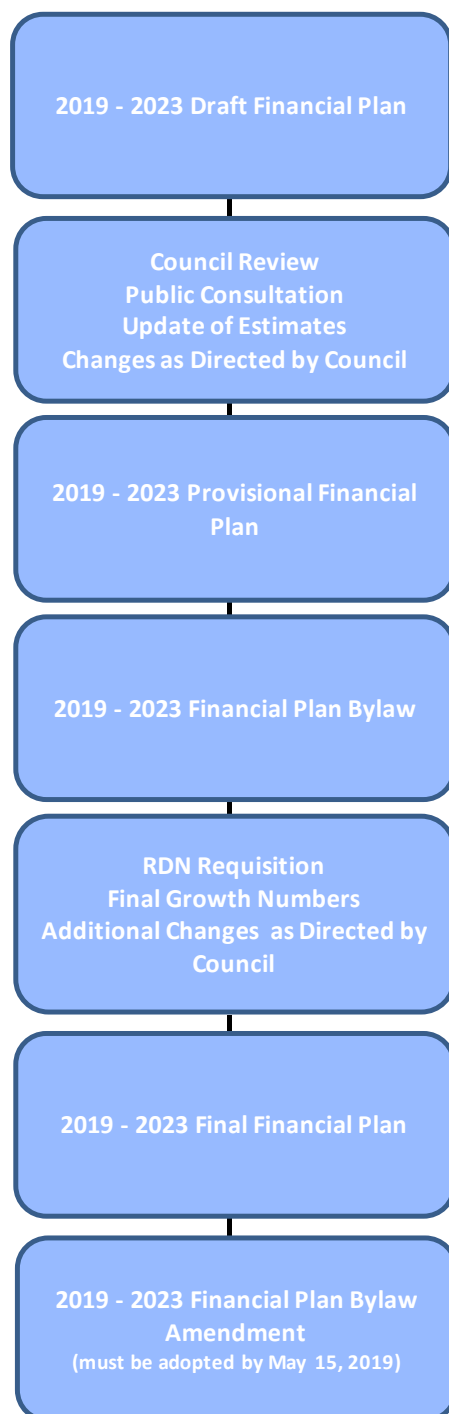

undertook a Core Services Review (CSR). Completed in 2016, the CSR included recommendations in eleven areas: strategic planning, policy framework, staff capacity, finance policies, IT infrastructure, integrated maintenance, integrated purchasing, performance measures, community partnerships, grant mandates and monitoring, and efficiencies and streamlining. Work on many of the recommendations commenced in 2016 and as recommendations are reviewed and approved by Council, they are incorporated into the City's financial plans.

## City of Nanaimo Core Services Review Final Report

### Financial Plan Process

The 2019 – 2023 Financial Plan contains budget estimates where final numbers are not available.

### Financial Plan Overview

The City of Nanaimo's principal activities include the provision of local government services to residents. Services provided include police and fire protection, solid waste collection, management of roads, drainage, sanitary sewer, waterworks and parks infrastructure, along with the delivery of leisure and cultural services. The City also acts as a regulatory body with respect to business licensing, building permits and inspection, land use, development planning and subdivision approval services. Services such as library and sewer treatment are provided through other boards and partnerships with other governments.

### Annual Operating and Project Planning

The City's financial planning is organized into departmental business plans that identify the resources required to carry out the City's day-to-day functions and services, and into project plans that identify the resources required to complete infrastructure renewal, construct new infrastructure and deliver strategic initiatives. Operating budgets are sometimes referred to as 'base' budgets. Projects

are classified as either operating or capital per the City's Capital Expenditure Policy.

### Key Budget Assumptions

In future years in the 2019 – 2023 Financial Plan, 2% increases were used for expenditures in years two to five except where information that is more specific was identified. Revenue from fees and charges and sales of service were estimated to increase at a rate of 1% per year, again for years two to five, while other revenues were expected to remain unchanged.

The majority of City staff members are employed under two main Union bodies, the Canadian Union of Public Employees (CUPE Local 401) and the International Association of Fire Fighters (IAFF). The City and CUPE reached a four-year agreement, covering January 1, 2019 – December 31, 2022 in March 2019. The CUPE agreement includes wage increases of 2.0% each year. The current contract with the IAFF expires on December 31, 2019. The IAFF agreement includes wage increases of 2.5% each year.

### Key Budget Drivers

The City of Nanaimo continues to grow and prosper, with increased revenues from assessment growth helping to offset the impact of inflation on the City's budget. Council continues to be faced with the challenge to balance current financial resources to meet the needs of a growing community and its capacity and willingness for increased taxes.

### Significant Changes - Strategic

#### Infrastructure Reserve

In 2016, Council approved the creation of a Strategic Infrastructure Reserve. Contributions to this reserve are from the transition of annual Casino and Fortis revenues from general operating revenues. The reserve provides a sustainable funding source for

Council's strategic priorities and initiatives. Effective 2021, the projected annual contribution to the reserve will be \$2.9 million.

Starting in 2017, annual casino revenues are being transitioned from general revenues to the new reserve. This change impacts property taxes during the transition period as these revenues will no longer fund operating expenditures. Initially the transition was to incur over a four-year period however, in December 2018, Council extended the transition period to five years.

The creation of the reserve and re-allocation of revenues to the reserve has a total 3% impact on property taxes over five years.

## 2019 Key Budget Drivers

Significant budget changes that impact 2019 property taxation are provided below.

		FINAL
<b>Expenditure Increases/(Decreases)</b>		
Asset Management		\$ 948,000
<b>Operating Expenditures</b>		
Wages and Benefits <sup>1</sup>		2,642,000
Legal Fees		160,000
Project Expenditures		
Annual general revenue funding		1,126,000
RCMP Contract (budgeted at 92%)		783,000
Snow and Ice Control - ENGPW (portion funded from surplus in 2018)		70,000
Software Licenses		237,000
Electric		
Street Lights	\$ 153,000	
Other	90,000	
		243,000
<b>Subtotal Expenditure Increases</b>		<b>\$ 6,209,000</b>
<b>Revenue (Increases)/Decreases</b>		
Aquatics Revenue - Beban/NAC		\$ 81,000
Building Permit Revenue		(250,000)
Investment Income		(100,000)
Tax Penalties		92,000
<b>Subtotal Revenue Increases</b>		<b>\$ (177,000)</b>
<b>Other Changes<sup>2</sup></b>		<b>\$ 523,000</b>
<b>Net Expenditure Increases</b>		<b>\$ 6,555,000</b>
Less Increased Property Tax Revenues due to Growth		1,565,000
<b>Net Impact</b>		<b>\$ 4,990,000</b>

<sup>1</sup>Impact of EHT is partially offset in 2019 by \$500,000 in funding from reserves (2017 surplus allocation)

<sup>2</sup>Includes \$50,000 due to 2017 surplus used to fund general expenditures in 2018 rounded to nearest \$1,000

### 2019 Revenues

The City receives revenues from several sources with the main contribution from property taxes and user fees. Examples of revenues from other sources include: grants, interest income and the Regional Parks Agreement.

Total projected revenues for 2019 are \$187 million with 59% coming from property taxes and 23.8% from user fees. Annual revenues provide: funding for annual operating and maintenance expenditures, funding for project expenditures, funding for annual

contributions to infrastructure renewal reserves and the VIRL.

The primary funding source for city services is property taxes budgeted at \$110 million for 2019. This is an increase of \$6.6 million (excluding VIRL) over 2018 – made up of an estimated \$1.6 million from new assessment growth and \$5.0 million rate increase. New assessments are created through additional residential units and businesses in the City.

### Five Year Financial Plan – Impact on Tax and User Fees

	2019	2020	2021	2022	2023
Property Tax Increase	5.0%	3.6%	2.9%	2.8%	1.4%
Sanitary Sewer User Fee Increase	4.0%	4.0%	4.0%	4.0%	0.0%
Water User Fee Increase	7.5%	7.5%	5.0%	5.0%	5.0%

Revenue Breakdown

The graph below indicates the revenue collected and used to fund 2019 expenditures.

Property Taxation Revenues from Development Growth and from Rate Increase

excludes VIRL

### Taxation

Property taxes represent 59% of the City's 2019 revenues and finance a majority of the services provided by the City. Every property owner in the province must pay property taxes based on the value of their property unless the property is specifically exempted by provincial statute. The valuation of property within the City is determined by BC Assessment, a provincial Crown Corporation responsible for classifying and assessing the value of all real property in British Columbia.

### User Fees

In accordance with the *Community Charter*, municipal governments set fees and charges by bylaw to cover reasonable costs of providing services to the public.

The City has adopted bylaws authorizing user fees for parks and recreation programs, water, sewer and garbage utilities and animal control.

### Development Cost Charges

Development Cost Charges (DCCs) are a method to fund infrastructure associated with growth. Monies are collected from land developers to offset some of the infrastructure expenditures incurred to service the needs of new development. DCCs are imposed by bylaw pursuant to the *Local Government Act* as a method to finance capital projects related to roads, drainage, sanitary sewer, water and parkland.

### Grants

In addition to grants for specific capital projects, the City receives annual grants including a Provincial Traffic Fine revenue grant. The City also receives grants in lieu of taxes from properties owned by the Federal or Provincial Governments or their Agencies and from private utilities operating within the City of Nanaimo.

### Casino Revenue

In November 1999, the City began to receive revenue from a casino operation. The City receives 10% of the net earnings from casino operations.

## 2019 Operating Expenditures

Annual operating expenses provide for the day-to-day delivery of services to the community. Projected 2019 operating expenditures are \$145 million.

While the City has undergone several organizational changes in recent years, the departments and business units delivering services to the community and providing internal organizational support have remained largely stable. These departments include Legislative Services, Human Resources, Finance and Purchasing, Information Technology, Community

Development, Bylaw Regulation and Security (includes Parking), Engineering and Public Works, Nanaimo Fire Rescue, Police Services, and Parks and Recreation.

The Engineering and Public Works department is also responsible for the Sanitary Sewer and Waterworks utilities. The Community Development department is responsible for Culture and Heritage. Departments are organized into business units that focus on specific service delivery responsibilities and functions

### 2019 Total Operating Expenditures by Department

(Excludes All Project Expenditures and Library Expenditures)

\* Restated budget reflects allocations of committed contingency as a result of CUPE contract settlement

### Employee Base – Full Time Equivalent (FTE) Analysis

The City budgets for a full staff complement in all departments. The only exception is for RCMP members, where 92% of the projected contract cost is

budgeted for 2019 (93% for future years) due to the history of vacancies and to minimize annual operating surplus.

	2015	2016	2017	2018	2019
City Administration	17.0	14.0	20.0	16.0	17.0

 15 new RCMP members, 3 per year over a five year period starting in 2020  
 Temp GIS Technologist (1 Yr)

2019 – 2023 Project Plan  
Sustainability Challenges for Infrastructure

The City owns infrastructure with a current replacement cost in excess of \$3 billion. Over time, this infrastructure will need to be replaced and additional infrastructure will be required to support a growing community. With effective corporate planning, financial policies and direction, it is expected the City will continue to operate successfully in a challenging environment.

Projects included in the 2019 – 2023 Financial Plan focus on specific strategic initiatives, infrastructure

renewal and new/upgrades to infrastructure that will address capacity issues and regulatory changes.

2018 Projects Carried Forward to 2019

Budgets for projects planned in 2018 that were not started or completed were carried forward to 2019. The 2019 project budget includes \$44.8 million for projects carried forward from 2018. Projects carried forward from 2018 are fully funded from reserves, grants and private contribution or debt.

### Definition of Capital Assets

Capital assets provide a benefit to the community beyond one year, are used to deliver services and usually require annual operating and maintenance expenditures. Examples include infrastructure such as buildings, roads, bridges, water and sewer facilities, as well as vehicles, computer equipment, and furniture.

For accounting purposes, projects are classified as either capital or operating. Projects that satisfy specific requirements as outlined in the City's Capital Asset Policy are classified as capital expenditures and are accounted for in the City's capital funds. Projects that are smaller in scope, and below specific capitalization thresholds, are classified as operating projects and accounted for in the City's operating funds. The 2019 – 2023 Project Plan section includes both capital and operating projects.

### Annual Operating Impacts of the Capital Program

When constructing new infrastructure or facilities, there is typically an annual operating and maintenance budget needed.

The City's infrastructure renewal programs supports each department's ability to avoid unnecessary budget increases on annual operating and maintenance expenditures due to infrastructure being operating past its optimum useful life.

The City acquires new infrastructure each year through private sector development and through construction of new infrastructure. Annual operating and maintenance budgets are not specifically increased each year for this new infrastructure. During the annual budget review process, annual operating work plans, historical cost analysis and specific cost information support budget increases where needed for annual operating and maintenance programs for City infrastructure.

### Project Planning

The City's project planning horizon is long term and includes comprehensive condition assessment of current infrastructure, future growth needs, and strategic initiatives. Lifecycle models and renewal plans for current infrastructure are updated annually. Long term planning identifies renewal and upgrade projects including scope of work, preliminary timing, and cost estimates. Where project timing is within the next five years more detailed design work begins to further define scope of work and cost estimates. To optimize efficiency, minimize costs, and reduce disruption to residents, all City infrastructure within that area will be evaluated for condition and capacity to ensure all necessary work is completed concurrently.

Where appropriate, business cases are developed to identify expected outcomes/benefits, investment

options, and annual operating and maintenance expenditures. Energy reduction projects include payback analysis to ensure energy cost savings will exceed required investment within a reasonable timeframe.

### Project Funding Strategies

Funding strategies for the City's investment program include:

- Maintaining a reasonable and stable funding level from annual property tax revenues
- Annual contributions to asset management reserves

- Collection of DCCs from developers for new infrastructure required due to growth
- Seeking grants and private contributions

### Project Funding Sources

Projects are funded from a number of sources including an allocation of annual property taxes, reserves, statutory reserve funds, grants, private contributions and borrowing. Projects in the 2019 – 2023 Financial Plan are funded from the following sources:

### Debt

In the past, it has generally been the City's practice to minimize external debt borrowing by using existing reserves to fund capital expenditures. Major projects that will benefit future residents have been and will continue to be financed with debt. This is based on the assumption that since future residents will benefit from the projects they should share in the costs by paying the debt servicing costs through future property taxes.

The maximum amount of debt, which may be held by a municipality, is restricted by its Liability Servicing Limit. This represents the cost of servicing debt throughout the year (including both interest and principal). The Liability Servicing Limit is set by the *Community Charter* and is defined as 25% of a municipality's controllable and sustainable revenues for the year.

For the City of Nanaimo, the Liability Servicing Limit at September 10, 2018 was \$40.1 million for annual

principal and interest payments and the City was at 14.3% of the current limit.

The City's outstanding debt represents a number of projects including: Nanaimo Aquatic Centre, Vancouver Island Conference Centre, Fire Station #4, Fire Station #1, Automated Solid Waste Collection (Trucks and Carts) and the Water Treatment Plant.

Outstanding debt at December 31, 2018 was \$46.1 million. This included \$5.2 million for short-term borrowing for the implementation of automated solid waste collection.

The 2019 – 2023 Financial Plan includes new external debt borrowing of \$43.4 million. This includes \$13.4 million for replacement of Fire Station #1, \$29.1 million for the Waterfront Walkway and \$0.9 million in short term borrowing for two new automated garage trucks (2019 and 2022).

### Current Borrowing at December 31, 2018 – External

Asset	Total Borrowing	Outstanding Borrowing at Dec 31, 2018	Net Annual Cost*	Year Borrowing Repaid
Fire Station #1	\$ 3,235,354	\$ 3,235,354	\$ 222,800	2038
Fire Station #4	\$ 3,750,000	\$ 2,051,643	\$ 209,900	2027
NAC	\$ 8,600,000	\$ 1,258,589	\$ 464,700	2020
Sanitation	\$ 1,500,000	\$ 5,168,465	\$ 1,204,100	2023
VICC	\$ 30,000,000	\$ 15,637,678	\$ 1,600,800	2027

### 2019 – 2023 Financial Plan New Borrowing - External

#### 20 Year Repayment Term

Asset	Total Borrowing	Net Annual Cost*	Years Borrowed
Fire Station #1	\$ 13,440,269	\$ 894,100	2020, 2021 and 2022
Waterfront Walkway	\$ 29,066,660	\$ 2,002,900	2019, 2020, 2021, 2022 and 2023
	<b>\$ 42,506,929</b>	<b>\$ 2,897,000</b>	

\* Annual net cost shown on full borrowing rounded to nearest hundred

#### 5 Year Repayment Term

Asset	Total Borrowing	Net Annual Cost	Year Borrowed
Sanitation - Truck	\$ 406,585	\$ 86,500	2019
Sanitation - Truck	\$ 458,863	\$ 97,400	2022
	<b>\$ 865,448</b>	<b>\$ 183,900</b>	

### Projected Outstanding Debt – External

### Projected Debt Principal and Interest Payments - External

\*Currently the City has no external debt for the Sanitary Sewer Fund

### Internal Borrowing

The City has many reserve funds established for specific purposes. Monies collected in each reserve fund must be used for the purpose that the fund was established. Under the *Community Charter, Section 189*, if necessary and monies are available; a municipality may use monies from one reserve fund for the purposes of another reserve fund. Repayment must be within the time the 'lending' reserve fund

requires the funds to be available and must include interest.

The 2019 – 2023 Financial Plan includes internal borrowing from the Drainage DCC Reserve Fund to the Sewer DCC Reserve Fund, as the Sewer DCC Reserve Fund does not have adequate monies for planned projects.

A summary of borrowings and repayments are shown below. Annual repayments, principal and interest, will be from the Sewer Operating Fund to the Drainage DCC Reserve Fund until the Sewer DCC Reserve Fund

has adequate monies for the annual repayment amounts.

### Current Borrowing at December 31, 2018 – Internal

Asset	Total Borrowing	Outstanding Borrowing at Dec 31, 2018
DCC SS45 Chase River PS & Forcemain	\$ 175,714	\$ 175,714
	<b>\$ 175,714</b>	<b>\$ 175,714</b>

### 2019 – 2023 Financial Plan New Borrowing - Internal

20 Year Repayment Term

Asset	Total Borrowing	Years Borrowed
DCC SS45 Chase River PS & Forcemain	\$ 3,143,584	2019
DCC SS19 Millstone Trunk South	\$ 2,649,100	2020 and 2021
DCC SS48 Departure Bay Trunk SS	\$ 2,008,300	2022
DCC SS18 Millstone Trunk Central	\$ 1,393,560	2023
DCC SS44 Hammond Bay & Turner Area	\$ 1,386,000	2023
	<b>\$ 10,580,544</b>	

### Projected Debt Principal and Interest Payments - Internal

2019	2020	2021	2022	2023
\$ 232,351	\$ 350,867	\$ 409,409	\$ 544,021	\$ 730,614

### Grants and Private Contributions

The 2019 – 2023 Financial Plan includes funding from a variety of grants and private contributions, including a grant from the UBCM Strategic Priorities Fund, private contributions from local organizations and societies and use of annual monies received from the Nanaimo Port Authority.

### Reserve Funding

#### Operating Reserves

The City maintains reserves that provide funds for contingency, future infrastructure and strategic investment. Contributions to operating reserves are through annual contributions and allocations of prior year surplus. City operating reserves include:

- Contingency reserves
- Council strategic priority reserves
- Capital and Infrastructure reserves

#### Statutory Reserves

The City has Statutory Reserve Funds that are authorized by the *Community Charter* and/or City Bylaws. The purpose of setting aside reserves is to provide funding for anticipated future expenditures, to ensure sufficient funds are available when required, and to limit the need to incur debt or require large increases in taxation or user fees. Contributions to statutory reserves are through annual allocations of general revenues, user fees and development cost charges.

Statutory Reserves can only be used as authorized by the *Community Charter* and the related Council Bylaw.

Statutory Reserves include:

- Asset Management Reserves
- Development Cost Charges Reserves
- Facility Development Reserve
- Equipment Replacement Reserve

#### Reserves Table

The City's reserves are provided in the following framework:

- Contingency – usually allocations of prior years' operating surplus to address potential liabilities/risks
- Council Strategic Priority – specific reserves to fund Council's priorities and initiatives
- Capital – usually allocations of prior years' operating surplus available to fund capital projects
- Infrastructure Renewal – specific reserves with annual contributions to fund infrastructure renewal
- Development Cost Charges – specific reserves with contributions from developers to fund specific infrastructure projects required due to growth

A summary of the City's projected reserves balances is provided.

	2019	2020	2021	2022	2023
Contingency Reserves	11,963,124	12,210,548	12,512,387	12,733,262	12,393,326
Council Initiatives Reserves	5,453,039	6,915,325	8,521,676	9,556,314	10,032,317
Unallocated Capital Reserves	19,239,575	18,737,579	19,930,506	19,947,001	23,770,701
Infrastructure Renewal Reserves	40,328,351	37,623,986	36,154,247	37,212,528	46,367,745
Development Cost Charges (DCC) Reserves	42,191,202	44,047,160	42,515,448	43,016,847	42,572,528
<b>Total Reserves</b>	<b>119,175,291</b>	<b>119,534,598</b>	<b>119,634,264</b>	<b>122,465,952</b>	<b>135,136,617</b>

The complete reserves table can be found in Appendix A. Appendix A shows the 2019 opening balance, annual contributions and withdrawals for each reserve.

### 2019 – 2023 Project Plan Detail

The 2019 – 2023 Financial Plan includes projects that are consistent with corporate objectives as outlined in the Strategic Plan Update, *planNanaimo* and master plans approved by Council such as the *Transportation Master Plan*.

Detailed project information is provided within the following framework: Strategic, Equipment & Vehicle Program, Facilities Infrastructure and Amenities Program, Information Technology Infrastructure Program, Parking Infrastructure Program, Parks Infrastructure Program, Sanitary Sewer Infrastructure Program, Drainage Infrastructure Program, Transportation Infrastructure Program, and Water Infrastructure Program.

The majority of projects in the five-year plan focus on renewal of existing infrastructure to support effective and efficient delivery of current levels of service, and new/upgraded infrastructure required due to growth.

Strategic projects and initiatives include:

- Strategic Plan Update
  - Waterfront Walkway development
  - House Legacy Reserve contributions

Significant infrastructure investment projects:

- Replacement of 3 front line Fire Apparatus in next two years.
- Fire Station #1, supported by business case
- Black Diamond Drive Watermain
- Lambert Ave Utility Upgrade

### Project Plan:

The following pages provide a breakdown on the 2019 – 2023 Project Plan:

- Summary by plan – eg Asset Management Plan, Strategic Plan, Master Plans
- Summary by major category or program and funding
- Detail reports for each major category or program and type

### 2019- 2023 Project Plan - Operating and Capital Funds

#### 2019 Operating and Capital Projects

PROJECTS	AMOUNT	PROJECT HIGHLIGHTS
Strategic	4,291,482	Projects and programs that address specific initiatives, issues or goals.
Equipment & Vehicle Program	5,209,604	<p>The City utilizes a wide range of vehicles and equipment to deliver services. The majority of planned purchases in 2019 are for the renewal of existing assets.</p> <p>Major 2019 purchases include:</p> <ul style="list-style-type: none"> <li>- Fire Pumper Ladder Apparatus</li> <li>- Automated Garage Trucks</li> <li>- Backhoe</li> </ul>
Facilities Infrastructure & Amenities Program	8,418,416	<p>The City currently owns and operates over 100 facilities which support delivery of a wide range of services.</p> <p>Major projects in 2019 include:</p> <ul style="list-style-type: none"> <li>- Facilities Condition Assessment Program</li> <li>- Beban Complex metal cladding renewal phase 1</li> <li>- Continuation of multi-year project to replace Fire Station #1</li> <li>- 25 Victoria Rd replace stucco with a rain screen wall system, north and west faces</li> <li>- Replacement of tube chiller unit at Frank Crane Arena with more efficiency and safer plate and frame chiller including low charge option</li> </ul>
Information Technology Infrastructure Program	860,238	<p>The City's technology equipment, maintains systems access for network and business applications.</p> <p>Major projects in 2019 include:</p> <ul style="list-style-type: none"> <li>- Next phase of implementation of Content Management System (CMS)</li> <li>- Enhancements to business applications to improved efficiencies</li> </ul>
Parking Infrastructure Program	1,637,042	<p>The City currently owns and operates three multi-level parkades and five parking lots.</p> <p>Major projects in 2019 include:</p> <ul style="list-style-type: none"> <li>- Bastion Street Parkade renewal of traffic membranes, levels 1 &amp; 2</li> <li>- Harbourfront Parkade renewal of traffic membranes, half of level 1</li> </ul>
Parks Infrastructure Program	12,783,136	<p>Parks infrastructure includes destination parks, neighborhood parks, spray parks, sports field, playgrounds, tennis/sport course and trails.</p> <p>Major projects in 2019 include:</p> <ul style="list-style-type: none"> <li>- Serauxmen stadium installation of field lighting, two year project</li> <li>- Maffeo Sutton Playground Renewal</li> <li>- Phase 1 of Harewood Centennial Youth Park</li> <li>- Renewal work on Parkway Trail</li> <li>- Installation of new ramp/parking upgrades at Brannen Lake Boat Ramp</li> </ul>
Sanitary Sewer Infrastructure Program	12,761,943	<p>The sanitary sewer infrastructure program includes renewal projects for infrastructure at end of life and new/upgrade projects to address current and future capacity issues.</p> <p>Major projects in 2019 include:</p> <ul style="list-style-type: none"> <li>- Condition Assessment Program</li> <li>- Lambert Ave Utility Upgrade: Replacement of sanitary sewer main on Lambert Ave from Fifth to Sixth</li> <li>- Upland Area Utilities: Replacement of sanitary sewer main on Adby from 3286 Adby to Departure Bay</li> <li>- DCC SS46 Project: Upsizing of sanitary sewer main from Esmt 40 Maki Road to Chase River Pump Station</li> </ul>

## 2019- 2023 Project Plan - Operating and Capital Funds

## 2019 Operating and Capital Projects Continued

PROJECTS	AMOUNT	PROJECT HIGHLIGHTS
Drainage Infrastructure Program	5,569,314	<p>The drainage infrastructure program includes renewal projects for infrastructure at end of life and new/upgrade projects to address current and future capacity issues.</p> <p>Major projects in 2019 include:</p> <ul style="list-style-type: none"> <li>- Condition Assessment Program</li> <li>- DCC SD60: Phase 1 of installation on new storm detention pond to service Boxwood Connector</li> <li>- Lambert Ave Utility Upgrade: Replacement of drainage main on Lambert Ave from Fifth to Sixth</li> </ul>
Transportation Infrastructure Program	19,044,666	<p>The City's Transportation Master Plan (2014) provides direction on expansion/upgrades to the City's transportation infrastructure. Transportation infrastructure includes over 1,100 km of roadways, 400 km of sidewalks, 15 bridge structures, over 3,500 street lights and 85 traffic signals.</p> <p>Major projects in 2019 include:</p> <ul style="list-style-type: none"> <li>- Cycling amenities including Downtown, Fourth and Albert, Harewood Bikeway Phase 5</li> <li>- DCC R98: Installation of traffic signal at Jingle Pot @ Westwood Lake Rd</li> <li>- Boxwood Connector &amp; Utility Project: Continuation of detailed design and site preparation for Bowen to Northfield section of connector, construction budgeted for 2022</li> <li>- Road rehabilitation including Pheasant Terrace: Rosstown to Labieux, Jingle Pot: Ashlee to Harwell, Howard: Second to Third, Calder: Jingle Pot to Elena, Westwood: Rockwood Cather View</li> <li>- Phase 2 of LED street light conversion, supported by business case</li> </ul>
Water Infrastructure Program	25,193,633	<p>The water infrastructure program includes renewal projects for infrastructure at end of life and new/upgrade projects to increase capacity and provide redundancy within the system. The long-term water supply plan models future demand due to growth, and provides guidance for capital investment needed to maintain an adequate water supply for the City.</p> <p>Major projects in 2019 include:</p> <ul style="list-style-type: none"> <li>- Condition Assessment Program</li> <li>- Black Diamond Dr WM JP-JP: Replacement of water distribution main from Parkway to Third</li> <li>- Haliburton St Area WM &amp; PED/CYC Project: Replacement of water distribution main on Haliburton from 995 Haliburton to Island Highway</li> <li>- Continuation of upgrades to Towers Pump Station</li> <li>- Construction of two Bulk Water Filling Stations, supported by business case</li> </ul>

### Appendix A

The City's reserve projects are provided in the following framework:

- Contingency – usually allocations of prior years' operating surplus to address potential liabilities/risks
- Council Strategic Priority – specific reserves to fund Council's priorities and initiatives
- Capital – usually allocations of prior years' operating surplus available to fund capital projects
- Infrastructure Renewal – specific reserves with annual contributions to fund infrastructure renewal
- Development Cost Charges – specific reserves with contributions from developers to fund specific infrastructure projects required due to growth
