Cedar hosts high-level fastball

Campbell River and Gibsons compete May 5 at the Wheatheaf sports fields as part of the Art and Marion Hutt Memorial Fastpitch Tournament.

The home team won in a fastball tournament that featured elite-level talent.

The Wheatheaf Fastball Club won the Art and Marion Hutt Memorial Fastpitch Tournament the weekend of May 3-5 at the Wheatheaf sports fields in Cedar.

The Wheaties beat the Sooke Hammers in Sunday's final, 7-3.

Chris McCormick was the winning pitcher, with Blake Hunter leading the offence going 3-for-4 with

a home run and a double. Todd Belton was 2-for-4.

The tourney featured international players including eight current Team Canada members - Hunter, Derek Mayson, Bryan Abrey, Kris Waluska, Kyle Cowick, Patrick Burns, Devon McCullough and Scott Lieph - slated to be part of upcoming world championships in Prague.

Teams came from up and down the Island, the Fraser Valley and the Sunshine Coast.

Senior B Timbermen beaten by Island rivals

The senior B Nanaimo Timbermen knew the games would get tougher after opening weekend of lacrosse season, and that's what happened.

The Re/Max Timbermen were defeated 9-5 by the Victoria Wolves on Friday on the road in West Coast Senior Lacrosse Association action.

The previous weekend, the T-men had scored 40 goals over two games and been largely untested against the last-place Valley Rebels, but on Friday night at Victoria's Q Centre, the Wolves came out fast, built a 4-0 lead and put the Timbermen on their heels.

Steve Higgs, Jake Mickelson, Andrew

Miller, Evan Mathany and Quinn Smith scored for Nanaimo and Nick Patterson made 35 saves in defeat. Familiar faces led Victoria's offence, with former junior A Timbermen player Ethan Garland scoring four goals and former senior B T-men player Devon Casey scoring twice.

GAME ON ...
Nanaimo (2-1) visits the Ladner Pioneers (3-0) on Thursday, May 16, and then hosts the Wolves (2-2) on Wednesday, May 22, at Frank Crane Arena. Admission to senior B Nanaimo Timbermen home games is \$10, with children 12 and under admitted free if accompanied by a paying adult.

B.C. Ferries adding fuel surcharge to ferry fares

B.C. Ferries is imposing a surcharge on fares to cover rising fuel costs.

On June 1, the company will add a surcharge of 1.5 per cent, which works out

at 25 cents for an adult and 85 cents for a vehicle on the Metro Vancouver-Vancouver Island routes.

Over the past 15 years, B.C. Ferries has been using

a fuel rebate/surcharge mechanism to manage the volatility in the price of fuel. Read more at www.nanaimobulletin.com/news.

Death in police custody last fall was pneumonia

Police watchdog IIO releases its report

The Independent Investigations Office of B.C. says two Nanaimo RCMP officers are cleared of any responsibility after an impaired driver died in police custody last fall.

The IIO released its report on the incident on May 14.

The driver was located on Bramblewood Lane after he had crashed his vehicle into a utility pole in the early morning hours of Oct. 28.

According to the IIO report, officers made "comments between themselves that they had rarely seen a driver so evidently intoxicated" and say he made

an "admission that he had drunk a considerable amount of alcohol that day." Officers said the man failed approximately 15 times to provide a satisfactory breath sample and he reportedly told them he "had a respiratory thing right now."

He was arrested for failure to provide breath sample and taken to the back seat of a police vehicle. At that point, an officer told dispatchers "it looks like he might be seizing."

One officer attempted chest compressions before paramedics took over. The man was taken to hospital and declared deceased later that morning. An autopsy performed on the man noted cause of death was "bilateral severe pneumonia."

Lantzville councillor says code of conduct 'overdue'

Continued from A1

Savage also felt staff's proposal forced councillors to "tattle" on each other.

During last week's meeting, Coun. Karen Proctor was the only councillor to speak openly about the code of conduct policy. She said while she was happy to adopt it, she didn't have any issues with the previous policy councillors rejected.

Speaking to the News Bulletin, Savage said he was pleased and "very proud" to see council finally agree on and adopt the code of conduct.

"This is something that I think is long overdue. I have seen a lot of misbehavior with councillors from many jurisdictions in both Canada and the United States and this suits me perfectly because I've always striven for the highest ideals and have always believed that teamwork and co-operating gets you much further than division and animosity," he said. "I think what people can take away from this is that the municipality's business will be conducted in a more efficient way."

Savage said what makes Lantzville's adopted model better than the district's original code of conduct is that it contains language and legal framework that is more in line with provincial and federal law. He also said the district's proposal encouraged division.

"The one we adopted is more invitation-al for councillors to reach to the highest standards, which makes it more satisfying than having councillors tattle on each other," Savage said.
