   • Increase the number of bedrooms from 4 to 24 units per hectare
   • New homes to be designed with quality building materials to improve sound dampening and provide more energy efficiency (net zero)

- The existing lots with mobile homes on them are some of the more affordable properties in the City for new home buyers
- Mobile homes were placed on these lots in the mid 1970’s to early 1980’s as a means of affordable housing when the market was increasing
- Rezoning these lots to change from 4 bedrooms to 24 is too much density for this area
- Neighbours would be in favour of this proposal because it will increase their property values but this will contribute to the unaffordability of housing

   - This store meets the intent of the rezoning criteria

   - Subject property is across the street from Wellington Beer and Wine Store and overlooks the Wellington Community Hall
   - Referred to Official Community Plan (OCP) goals as a guide in decision making and focused on goal two, “to build a more sustainable community”
   - The proposed business needs a regional focus and this is a community centre
   - Exiting onto Island Highway from this neighbourhood can be difficult
   - Requirement of 200m between cannabis stores does not provide much restriction
   - There is another application at Country Club Mall that would be a more suitable location for the proposed use
   - Negative impact on community should be mitigated and currently the applicant has followed all of the rules
   - Concerned that people who come to the store may smoke outside the store
• Loudon Park is close by with families walking past this site to get to the beach
• Previous illegal store in this area had documented negative impact
• Concerned about potential signage on the backside of the building facing Wellington Hall
• Increase in traffic and parking issues
• Suggested hours of operations for the store match the Wellington Liquor Store
• Concern over exposure of cannabis to minors
• Does not feel this application is in line with the OCP

To be introduced by David Stewart, Planner.

**Presentation:**

1. Alex Robb, 1180 Fort Street, Victoria, Trees Cannabis, Applicant, spoke in favour and stated the following regarding Rezoning Application No. RA416 – 1483 Bowen Road:

   - Trees Island Grown operates out of Victoria, BC, and currently runs five cannabis storefronts in Victoria, two in Nanaimo (which are up for Public Hearing tonight), and last year they took over operations of a dispensary in the downtown eastside in Vancouver which is a licenced store that received a development permit from the City of Vancouver
   - Employs over 180 workers and serves approximately 50,000 members
   - On a busy day a Trees store will see around 300 - 400 customers
   - The first and second cannabis store to receive rezoning in Victoria
   - Currently in the financial integrity stage of provincial licence application and anticipate next month to be undergoing personal interviews
   - Cannabis legalization is the largest public policy shift in recent years
   - It is a difficult and involved process to gain provincial approval
   - This location has been a safe and affordable source of cannabis product since it opened in 2014 as Vancouver Island Health Advocacy Centre (a compassion club)
   - Previous owner was an activist and brought on business partners to keep the store operating
   - Trees is now an amalgamation of three compassion clubs with two in Victoria and this location at Bowen Road
   - Matter of significance that all products sold in these stores are grown, processed and packaged within the local area to facilitate small growers trying to get into the legal system
   - The subject property is just outside of buffer zone for elementary schools and daycares, but just within the buffer for Bowen Park
   - Daycare that operates in Bowen Park is more than one kilometer away
   - Heard of a possible application for a daycare at neighbouring Nanaimo Athletic Club and have communicated with the owners who raised no concerns
   - The site follows all City and Provincial security regulations
   - Believes the store has improved security in the area since opening
   - Substantial parking on the site 16 shared parking spots available
   - Support of charities and social services in Nanaimo specifically those working on issues of food security, housing and homelessness, and harm reduction
   - Making a $10,000 community contribution to support a recently established food forest in Beaufort Park
   - Subsidy program to support people who do not have adequate means to get the products that they need

Mayor Krog called for submissions from the Public:
1. Dave Seymour, 1481 Bowen Road, spoke in opposition and stated:
   - Cannabis dispensaries are a positive addition to the community
   - Opposed to the rezoning in this location due to parking concerns
   - Three businesses in this location sharing parking lot with this store expected to have 300 - 400 people in a day resulting in 30 - 40 in an hour, resulting in cars parking illegally to visit this store
   - Located within 200m of a playground
   - Change to bylaw has allowed for businesses to share parking spaces, otherwise this would not meet the requirement for parking
   - Safety concern on frontage road due to illegal parking
   - Has asked the City to post signs to manage parking
