CITY OF NANAIMO
THE HARBOUR CITY

2021 Opportunities

- Strategic roadmap (Master Plan)
- Training (virtual where possible)
- Community outreach (where possible)
- High-rise/multi-family buildings
- Resourcing for increased fire inspections, plan approval compliance
- Fire Station #1 rebuild
- Fire safety for vulnerable populations

Nanaimo Fire Rescue

CITY OF NANAIMO
THE HARBOUR CITY

Fire Station #1 Project

- Construction is well underway
- Foundations are now complete
- Structure is starting to be erected (starting with concrete walls)
- Structural steel should be complete in January 2021
- Most subgrade utilities are in (rock breaking was required)

Site fencing and signage with piling rig

Hose tower reinforcement steel

CITY OF NANAIMO
THE HARBOUR CITY

Fire Station #1 Project

- The Construction Contract was awarded May 10, 2020
- Transition from the existing to new facility is currently anticipated to take place January 2022, following which the existing facility will be demolished and the front apron construction completed
- Avoided significant delays caused by below ground conditions

Activity	Start	Finish	Duration
Site Preparation	2020-05-10	2020-05-10	1
Foundation Work	2020-05-10	2020-05-10	1
Structure Erection	2020-05-10	2020-05-10	1
Interior Fit-out	2020-05-10	2020-05-10	1
Exterior Work	2020-05-10	2020-05-10	1
Final Inspection	2020-05-10	2020-05-10	1

We are now here

The Project will be completed on time in the Summer of 2022

Nanaimo Fire Rescue

Fire Station #1 Project

- A total of almost \$3m had been spent as of the end of September 2020
- Since the \$15.4m Construction Contract was awarded, a total of \$70k of construction contingency has been drawn down
- Scope changed to remove the dispatch function and add training/meeting room

Nanaimo Fire Rescue

2021 Key Initiatives

- Master Plan report
- Contract negotiations
- Transition public outreach to mobile application (smoke alarms)
- Self-Contained Breathing Apparatus (SCBA) replacement
- Build and delivery of two engines and one Wildland unit
- Fire Station #1 rebuild
- Transition Fire Dispatch
- Comply with changes to BC Fire Code, BC Building Code and Fire Safety Act
- Mobile Inspections Initiative
- Expand training program – mental health, auto extrication, live fire, etc.
- Build upon successes to optimize response times
- Community Outreach & Education on Fire Prevention and Community Safety
