

## ATTACHMENT B

2020-SEP-24

Dear Sir/Madam:

Re: 45/47 Haliburton , Nanaimo, BC  
LT 3, BLK 8, SEC 1, PLN, 584, LD 32  
**UNSAFE STRUCUTRE**

A recent inspection of the above noted property revealed a fire-damaged structure on the property. The structure is unsafe.

You are directed to remove the fire-damaged structure forthwith. A City of Nanaimo building permit for the demolition of the structure will be required prior to any work being undertaken and can be obtained through the City of Nanaimo Online Building Permit Application page. Please contact the Building Department at 250-755-4429 for additional support on how to obtain a demolition permit.

If the structure is not removed, Council will, at a future meeting, give consideration to ordering the structure removed.

If you require further information, please contact Walter Taylor, Bylaw Enforcement Officer, at 250-755-4422.

Yours truly,

Dave LaBerge,  
Manager of Community Safety  
Bylaw, Regulation and Security
