OPTIONS

- 1. That the Advisory Committee on Accessibility and Inclusiveness recommend that Council endorse the 2021 Advisory Committee on Accessibility and Inclusiveness Work Plan.
 - The advantages of this option: A work plan provides Council with a list of focus areas and a way for Council to measure Committee activity and progress in meeting its mandate.
 - The disadvantages of this option: Having a set work plan may limit the flexibility of the Committee to respond to questions and issues that are presented to them throughout the year.
 - Financial Implications: No immediate financial implications. Any completed actions identified on the work plan would be presented with more detailed financial implications to Council.
- 2. That the Advisory Committee on Accessibility and Inclusiveness refer the draft 2021 Work Plan back to staff for further amendments.
 - The advantages of this option: Following input from the Committee, Staff could revise the draft to meet the suggested revisions.
 - The disadvantages of this option: Process for adopting a work plan for 2021 would be further delayed and could stall progress on the listed initiatives.
 - Financial Implications: None identified.
