

# Delegation Request

---

## **Delegation's Information:**

Jade Dawson has requested an appearance before Council.

City: Nanaimo

Province: BC

## **Delegation Details:**

The requested date is November 18, 2021.

The requested meeting is:  
Special Council

Bringing a presentation: No

Details of the Presentation: I am the owner of the property. I was made aware of some alterations made to the commercial space when I applied for a business license - which took 3 months to happen due to pandemic. This was during the pandemic and I have been consistently making effort to try to rectify the situation, have been consistently in communication with the city due to working offsite on zoom, but like I most can understand, the difficulties getting contractors, surveyors, and filing paperwork has become cumbersome when lots of people are unreachable or behind due to the Covid pandemic. I am currently submitting a building application to mirror the changes that have happened and have them approved by the city. I am here to answer any questions let me come up regarding this property or my intention/actions to be taken.
