

# Delegation Request

---

## **Delegation's Information:**

Mark Kelly has requested an appearance before Council.

City: Nanaimo

Province: BC

## **Delegation Details:**

The requested date is December 6, 2021.

The requested meeting is:  
Council

Bringing a presentation: No

Details of the Presentation:

I'm coming to support the development application of the Residential Building Lot and request the council approve the application. Professionals have been engaged to ensure the development is executed safely and consider the unique nature of this residential lot. Environmental Biologist, Civil Engineer, Geotechnical Engineer, Coastal Engineer, and BC Land Surveyor have all participated in ensuring an environmentally appropriate development. It's my desire that the mayor and council approve this application. I am a resident of Protection Island and live there with my wife and two small children. 25 Spyglass Lookout is a residential lot with all city services provided as is every other lot on the island. This development application is created and supported by professionals and is appropriate for Protection Island and Nanaimo.
