OPTIONS

1. That the Advisory Committee on Accessibility and Inclusiveness recommend that Council endorse the 2022 Advisory Committee on Accessibility and Inclusiveness Work Plan.
 - The advantages of this option: A work plan provides Council with a list of focus areas and a way for Council to measure Committee activity and progress in meeting its mandate.
 - The disadvantages of this option: Having a set work plan may limit the flexibility of the Committee to respond to questions and issues that are presented to them throughout the year.
 - Financial Implications: No immediate financial implications. Any completed actions identified on the work plan would be presented with more detailed financial implications to Council.
2. That the Advisory Committee on Accessibility and Inclusiveness refer the draft 2022 Work Plan back to staff for further amendments.
 - The advantages of this option: Following input from the Committee, Staff could revise the draft to meet the suggested revisions.

- The disadvantages of this option: Process for adopting a work plan for 2022 would be further delayed and could stall progress on the listed initiatives.
- Financial Implications: None identified.
