

REIMAGINE GREEN POLICIES

2022-JAN-26
ENVIRONMENT
COMMITTEE

1

Background

- Committee received 4 previous REIMAGINE presentations - focus on GHG policy (July and December 2021)
- Moving into Phase 3 - Developing Plans
- Includes new policy and policies from existing plans (Climate Sustainability Action Plan, Climate Change Resiliency Strategy)
- 5 draft goals - sustainability lens included in all goals
- Draft Green policies presented for Committee review

2

ONE FRAMEWORK ■■■■■→ FIVE DRAFT GOALS

A GREEN NANAIMO:
RESILIENT & REGENERATIVE
ECOSYSTEMS

A HEALTHY NANAIMO:
COMMUNITY WELL-BEING &
LIVABILITY

A CONNECTED NANAIMO:
EQUITABLE ACCESS &
MOBILITY

AN EMPOWERED NANAIMO:
DIVERSITY, CULTURE,
RECONCILIATION & SOCIAL
INTEGRITY

AN ENABLED NANAIMO:
ECONOMIC PROSPERITY &
RESILIENCY

3

7 Green Topics

-  Greenhouse Gas Emission Reduction and Green Building
-  Climate Adaptation and Hazard Management
-  Urban Forest, Natural Areas and Greenways
-  Healthy Watersheds
-  Contaminated & Brownfield Sites
-  Green and Affordable Water, Sewer and Storm Water Services
-  Solid Waste Management

4

Key Questions

1. Overall, do the language and the policies in the draft Green Policies chapter adequately reflect the level of commitment Council and the community have towards environmental sustainability?
2. More specifically, what aspects of the current draft are of great value and should not be changed?
3. What aspects of the current draft or policies need further refinement or are missing?
