

Appendix A

Other projects considered for 2022/2023 Intake of the B.C. Active Transportation Infrastructure Grant

Mary Ellen Roundabout

The timeline of this project will make the costs ineligible for funding under this program, as it is anticipated to be complete prior to the grant funding announcement.

Lenhart Pedestrian Bridge

The timeline of this project will make the costs ineligible for funding under this program, as it is anticipated to be complete prior to the grant funding announcement.

Stephenson Point Stairs 1 Replacement

This project is not eligible as it does not improve access for all user groups, only those that can navigate stairs.

Millstone Pedestrian Bridge

This project is not a strong candidate as it does not improve access for all user groups as one side of the bridge is only accessible by stairs.

Extension of Amsterdam Trail

Project was excluded as lower total cost does not allow City to maximize grant opportunity.

Wally Creek Trail

Project was excluded as lower total cost does not allow City to maximize grant opportunity.
