Research

Strengths and Areas of Focus

- Health, resilience and well-being
- Integrated sciences, technology and environment
- Resilience of island, coastal and rural regions
- Innovation, entrepreneurship and social change
- Cultural, heritage and creative expression
- Equity, diversity and social justice
- Teaching and learning

4

Hands-on Experiences

- **780 course-based research training experiences** for our undergraduate students
- **206 faculty-led projects** involved community partners
- **1,975 students** engaged in hands-on research

A photograph of three students in a field setting. One student is kneeling and looking at a tablet, while two others are crouching nearby, one holding papers. They appear to be engaged in a hands-on research activity. A teal hexagonal graphic is overlaid on the bottom right of the image.

5

Community Connections

A photograph of a large wooden totem pole sculpture in front of a building. The sculpture features a large face with a wide mouth and a hat. Another smaller totem pole is visible in the background. The building has large windows and a modern design. A teal hexagonal graphic is overlaid on the left side of the image.
