## INTEGRATION

What does an Empowered Nanaimo look like in an urban centre?

## C4.2 Equity & Inclusivity

- An inclusive Nanaimo that provides opportunities for active involvement and prosperity for all members.
- Environments and spaces across all areas of the city that are diverse and vibrant for the enjoyment of all residents.
- Celebration of diverse cultures and a community that is welcoming, inclusive, and accepting of all cultures.
- Equitable access to services, programs, and facilities for all residents.
- Continued City leadership and applying an equity, gender, diversity, and inclusion lens in City initiatives and decision making.

## C4.3 Access for All

- The City is committed to improving accessibility for all, by identifying, removing and preventing barriers that limit access to services, amenities and public life.
- To ensure there are many ways for people of all ages and abilities to move freely throughout the city and without barriers.
- To ensure people of all ages, genders, abilities, and income levels have easy access to services and spaces without barriers.

## C4.4 Political Voice & Engagement

- An informed and aware community that can meaningfully participate in city processes and shape city decisions.
- Opportunities for all people to express their voice on community matters important to them.
- City leadership is actively listening to the diverse voices in the community.
- Space for representation that reflects the diverse population of Nanaimo so that decision making, planning, policy development, and creation of procedures considers a broad range of perspectives that are representative of community diversity.
