

# CITY OF NANAIMO'S RESPONSE TO HOMELESSNESS & COMMUNITY IMPACTS

## Overview

---

In December 2023, the Province of British Columbia, in partnership with BC Housing, released new estimates of the number of people experiencing homelessness in the province. According to the 2021 Estimate of the Homeless Population in British Columbia report, the number of individuals who experienced homelessness in Nanaimo in was 996 (0.58% of the total population).

The estimates are based on the Government's Preventing and Reducing Homelessness Integrated Data project. The project links de-identified data from the Ministry of Social Development and Poverty Reduction, the Ministry of Health and BC Housing to estimate the number of people who experienced homelessness in BC. The data counts people who accessed income assistance who reported having no fixed address and people who accessed a shelter over the course of 2021.

The following information identifies the upstream, midstream and downstream actions the City of Nanaimo is taking to respond to homelessness and its impact on community.

# Upstream Initiatives

**Upstream approaches to responding to homelessness are about creating a healthy, safe, and secure community where everyone has opportunities to grow, work, play, be valued, and have belonging.**

## Housing Initiatives

In 2024, the City will be proceeding with several projects in response to four Provincial Housing Bills enacted by the Province in October and November 2023. These four bills are part of the Provincial *Homes for People* plan.

The Affordable Housing page on the City's website includes for more information on housing initiatives including the Housing Needs report completed in May 2023 and the Increasing Housing Options projects.

## **285 Prideaux Street**

51-unit permanent supportive housing opening in 2024. Previously the City’s Community Services Building, 285 Prideaux was leased to BC Housing in September 2021 to provide 51 new permanent homes with supports for people experiencing or at risk of homelessness. Connective Support Society Nanaimo (formerly known as Nanaimo Region John Howard Society) has been identified as the operator of this site.

## **355 Nicol Street**

Owned by BC Housing, this supporting housing site will include 35 studio apartments for Snuneymuxw members and other Indigenous people experiencing, or at risk of, homelessness. Snuneymuxw First Nation has been selected to be the operator for this project.

On January 29, 2024 the City entered into a HEART and HEARTH MOU with the Ministry of Housing to receive and participate in the Provincial programs, Homeless Encampment Action Response Team (HEART), and Homeless Encampment Action Response Temporary Housing (HEARTH). The two sites selected in Nanaimo will provide 100 temporary housing spaces for people who have been staying in shelters long-term, which in turn will free up shelter space for people experiencing homelessness in Nanaimo and reduce encampments.

## **250 Terminal Ave (Newcastle Place)**

50 temporary spaces at Newcastle Place will remain open once the current residents move to Cornerstone (supportive housing at 285 Prideaux Street). Island Crisis Care Society will continue operating Newcastle Place.

## 1300 Island Highway South

50 units of temporary transitional housing will be built at this location. BC Housing issued a Request for Proposal (RFP) in late 2023 to identify potential operators for HEARTH sites in Nanaimo and will announce who the operator for this site will be once they have been selected.
