City: Qualicum Beach

Province: BC

Delegation Details:

The requested date is 2025-JAN-03

The requested meeting is:
Council

Bringing a presentation: Yes

Details of the Presentation:

Broombusters Invasive Plant Society to discuss Scotch broom removal in Nanaimo.

Broombusters thanks Nanaimo for years of support. The fires in LA have all Vancouver Island residents very concerned about wildfire. Scotch broom is a highly flammable invasive plant, which FireSmart lists as "highest risk". In order to mitigate fire danger in Nanaimo, we would like to discuss the powerlines which are covered with broom, as well as expanded enforcement of city bylaws. Thank you!
